About the Washington Council and the Fall Counselor Workshop Higher Education Book

The Washington Council for High School-College Relations is a not-for-profit organization that provides information and programs to encourage and assist Washington students in their transition from high schools to colleges, and from two-year colleges to four-year colleges. To this end, the Washington Council produces this book and sponsors the following Programs:

Washington Council Programs for Students

- Eighth Grade College Exploration Day
- High School College Planning Days
- Fall Transfer Fairs/Events

Washington Council Workshops and Resources for Advisers

- Fall High School Counselor Workshops
- Transfer Adviser Workshops
- Washington Council Web Resources, Calendar, and Listserv (www.wa-council.org)

The Washington Council member organizations include Washington high schools, Washington colleges and universities, and higher education agencies. Washington Council publications and programs are run and governed by a Board of Directors that is representative of its membership.

The 2025-26 Fall Counselor Workshop Higher Education Book: A Resource for High School Counselors is a collection of postsecondary opportunities in the State of Washington.

The Washington Council Board has been responsible for collecting the entries and overseeing preparation of the book. The participating institutions are responsible for information on their institutions. Readers are cautioned that they must consult the admissions offices at individual colleges to be sure of having the most current information.

All institutions listed in the Fall Counselor Workshop Higher Education Book subscribe to the principles and laws of the State of Washington and the federal government, including applicable executive orders pertaining to civil rights. These institutions are committed to the policy that all persons shall have equal access to programs and facilities without regard to age, color, creed, marital status, nation or ethnic origin, physical handicap, race, religion or sex. All statements and content included in the Fall Counselor Workshop Higher Education Book are made by the individual colleges and universities and organizations that are represented in this book. The information contained in the Fall Counselor Workshop Higher Education Book is subject to change, and the editors and individual institutions will not be responsible for change or error.

Council of Presidents

REPRESENTING WASHINGTON'S PUBLIC BACCALAUREATE INSTITUTIONS

Who We Are and How We Assist High School Counselors

The Council of Presidents (COP) coordinates various initiatives and activities among the state's public baccalaureate institutions. We foster collaboration among our member institutions, as well as with state, regional, and national partners.

COP is a central source for information, facts and engagement with Washington's public, four-year institutions for high school counselors. We provide a collective viewpoint on policies, practices, and processes related to the transition from high school to college. Additionally, we facilitate conversations within our sector and between other sectors and entities on current and emerging education-related topics.

Washington's Public Baccalaureate Institutions

Central Washington University

Eastern Washington University

The Evergreen State College

University of Washington Bothell
University of Washington in Seattle
University of Washington Tacoma

Washington State University Pullman
Washington State University Tri-Cities
Washington State University Vancouver

Western Washington University

A Public Four-Year College or University Near You

- Located in all 39 counties
- Two research universities
- Three comprehensive universities
- Washington's public liberal arts college
- Four campuses in Bothell, Tacoma, and Vancouver
- Multi-institutional partnerships in Spokane and Everett
- Statewide online learning offerings
- University centers and academic partnerships co-located with Washington's community and technical colleges

We Welcome Washington High School Students

- We are excited to welcome Washington high school students at any one of our public, four-year universities or college!
- Your students are our students. We serve students in our local communities and across the state.
- We believe college is for everyone who wants to attend, and we are here to help make this a reality. We are committed to serving all students with a focus on identifying and reducing gaps among student populations.

Whether a student wants to earn a bachelor's degree, is thinking of doing so, or has not yet considered it, there is a place at one of the state's public baccalaureate institutions for students in Washington to earn a bachelor's degree, achieve their dreams, attain further career credentials, and follow their passion.

Undergraduate Student Profile in the Washington Public Four-Year Sector

- **99,746** undergraduates enrolled.
- **52%** identify as students of color.
- Over one-third receive a Washington College Grant or Pell Grant, ranking **2nd in the nation** for Pell Grant recipients enrolled.
- Nearly half of all College Bound Scholarship students attend a Washington public, four-year institution.
- **82%** are Washington residents, representing all 39 counties.
- Average time to degree completion is **3.49 years**, and we're the **largest producer of bachelor's degrees** in Washington.
- We rank **2nd** highest in the Western State Region for graduation rates, and **above the national average**.

Washington's public baccalaureate institutions are **serving to completion** more students who identify as members of underrepresented student populations including students of color, low-income students and students experiencing basic needs insecurity.

Our students are your students. We know students attending a Washington public, four-year institution experience similar rates of basic needs and food insecurity as students in the two-year sector. We are committed to providing the necessary wraparound programs and services to support the whole student until degree completion.

Below are the **services and programs** available to support our students as they work towards completing their degrees:

- Dedicated advising
- Food Pantries
- Student Wellness
- Childcare
- Accessibility
- Academic Learning Supports
- Ethnic and Student Inclusion Centers
- Offices of Equity and Student Inclusion
- First-year, first-time student interest groups and programming

Diversity, Equity and Inclusion

The Council of Presidents stands in solidarity with all those across our nation who experience discrimination, bigotry, prejudice, violence, and hate due to their race, ethnicity, national origin, sexual orientation, gender identity or expression, disability, age, religion, and socioeconomic status.

We remain actively committed to continuing and advancing efforts to promote greater diversity, equity, and inclusion on our campuses that align with their missions to serve Washington residents and the local communities in which they reside.

Our work is grounded in the belief that faculty, staff, and students benefit from a vibrant, rich learning community composed of a broad cross-section of individuals with different perspectives. Success in an interdependent, globally connected world depends critically and urgently on our ability to foster equity of access and outcome related to our 21st century ideals of opportunity and discovery.

Multiple Paths to Admissions

There are multiple paths to gaining admission to a public university in Washington. These paths are considered equal, with no preference given by the universities to one over another. If your student has concerns about meeting the eligibility requirements for either path, encourage them to reach out to their universities of interest to learn about alternative admissions options. Admissions resources for counselors are available here: <https://councilofpresidents.org/admissions/>.

General Admissions	Washington Guaranteed Admissions Program (WAGAP)
Meet Washington minimum admission standards: a 2.0 cumulative, unweighted high school GPA and complete required high school classes . ¹	Cumulative, unweighted high school GPA of 3.0 or higher on a 4.0 scale.
Complete application and send transcripts.	Complete a series of required high school classes .
Admissions offices review high school and college grades, coursework, senior year courses, personal achievements and characteristics.	Meet above criteria guaranteed admissions to WAGAP participating institutions: Central Washington University, Eastern Washington University, The Evergreen State College, University of Washington Tacoma, Washington State University and Western Washington University.
All Washington public baccalaureate institutions.	Complete application and send final transcripts.

Applying to College

All Washington public baccalaureate institutions have joined the **Common App**. Students and families through the Common App have the option to complete a single admissions application for our state's public, four-year institutions.

SAT and ACT and Admissions

Students will not be penalized during the admissions process or student eligibility for institutionally supported scholarships, course placement or admissions to Honors programs.

Test Not Considered (EWU, WSU): Institutions do not consider test scores, nor are test scores considered at any point in the admissions review process, even if a student chooses to submit a test score. No additional, alternative measure of college readiness is required in place of a test score.

Test Not Required (UW Bothell, UW Seattle, UW Tacoma): Institutions do not consider test scores in the admissions review process, even if a student chooses to submit a test score (see test not considered above). However, test scores may be considered for placement, entry into Honors program, and/or scholarship awards.

Test Optional (CWU, Evergreen, WWU): Students may choose to submit test scores to strengthen an application. Not submitting test scores will not disadvantage a student. In place of a test score, students who apply may be required to submit additional and alternative measures of college readiness such as successful completion of dual credit coursework, exams, or scores on high school college readiness assessments.

Dual Credit

Washington's public four-year universities and college have a long history of supporting dual credit statewide. The state's public four-year institutions collaborate across sectors to develop policies and practices for quality, student-focused dual credit programs policies and practices to ensure students are successful in attaining their education and career goals. Washington's public, four-year institutions support Advanced Placement, Cambridge International, College in the High School, International Baccalaureate and Running Start without preference. Dual credit resources for counselors are available at <https://councilofpresidents.org/dual-credit/>.

¹ Admission standards are a minimum. Some universities and degree programs may require higher standards. Students who do not meet the minimum should consider [alternative admissions](#).

Holistic Admissions

- Each Washington public baccalaureate institution considers **the whole student** in the admissions review process.
- Holistic admissions consider grades, courses – both the type and the level at which taken along with other information to make an admissions decision. This may include leadership in activities outside of the school environment or other examples a student may provide.
- Every application goes through a holistic assessment process, even if the student applying has not met the state's admissions standards policy.

Return on Investment

Value Added - In Washington and nationally, completing a bachelor's degree continues to be associated with increased lifetime earnings, lower unemployment rates, reduced poverty rates, improved health outcomes, longer life expectancy, and higher rates of civic and social engagement.

Dynamic Education for Current and Future Careers - The demand for workers with postsecondary credentials is higher than it has ever been. We continue to actively engage in the development and review of education pathways and credentials that lead to degrees and outcomes to respond effectively to the changing demands of the current and future workplace.

- Washington employers **want to hire local talent** to fill these positions whenever possible.
- Over half of the 72% of family-wage jobs in Washington that require a credential after high school will require a bachelor's degree or higher.
- Earning a bachelor's degree is the **only and best predictor within a student's control** for earning a good wage in Washington.
- Participation in college can **make up disadvantages** such as poverty, racism and other structural barriers based on the social capital provided, access to high-quality learning experiences and access to high-impact programs (e.g., internships, study abroad, research).

You are College Material!

If you want to go to college, are thinking of college or have not considered college, there is a place for you in Washington to go to college and achieve your dreams, attain career credentials, and follow your passion.

Recommendations for a successful transition to college:

- Communication with high school counselors and college admissions advisors early and often.
- Apply early!
- Institutions are here to guide students on the next steps.
- Ask about special programs and student support programs and services while in high school.
- Institutions are committed to reaching out and welcoming students.
- Ask questions and seek clarity.
- **Remember: Yes, You Can!**

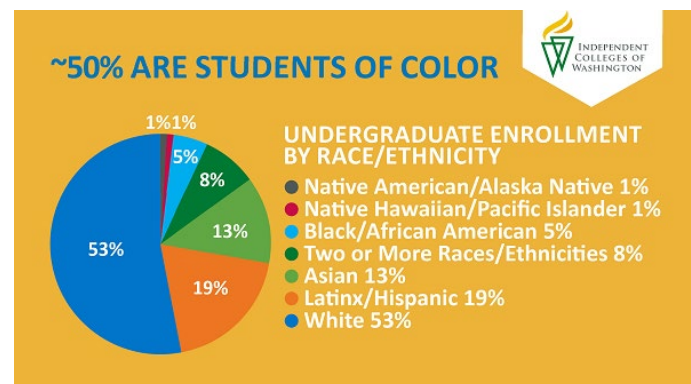

*Independent Colleges of Washington campuses offer unique, inclusive higher educational environments and both personalized and financial support for state residents on their journeys to **rewarding lives and careers**. Together, we are **preparing students for in-demand jobs** and making it possible for more Washington residents to find the college or university that **best meets their individual needs** here at home. We invest in students, supporting them to – and through – higher education.*

Resources for Counselors and Advisors

To assist those who are guiding prospective students no matter their age or path, please consider these [Resources for Counselors, Advisors \(icwashington.org\)](http://icwashington.org).

About Our Students

- Half of ICW students identify as Black, Indigenous, or persons of color.
- About 40% of ICW undergraduates qualify for need-based federal and/or state grant aid and work study, such as the Pell Grant, Washington College Grant, or College Bound Scholarship.
- One in five students are first in their families to earn a college degree.
- Approximately one in three juniors and seniors transfer credits from other institutions.
- About 1,000 ICW students are veterans.

Inclusive Environments Where Everyone is Welcome

- Independent Colleges of Washington's member campuses provide personalized, supportive environments that are both values-driven and [welcoming to all](#).
- Member campuses embrace differences and consistently work to create safe spaces for students from all walks of life.

"We have so many different clubs and opportunities for so many different avenues. . . I've known so many STEM majors who have gotten internships and have been able to do amazing volunteer work because the campus is smaller and there is more attention delegated to each student."

- Taleah, Class of 2027, Political Science

"Before coming to (my university) I was nervous and I didn't feel confident as an academic or just a person to build community or to network, and I think that I've been instilled with confidence in myself to go out there, build community with others, and do things that are fulfilling to me."

- Tazha, Class of 2026, Gender, Sexuality and Race Studies

"When I first got to campus, I was impressed by how quickly I got attached to my professors and how they made me feel like home. And also how the community welcomed me."

- Ahmed, Class of 2027, Computer Science

"What makes (my university) such a great fit for me is that being a smaller school, it is a tight-knit community that can cater to all its students . . . and also (its) values of mind and heart just really drew me in and I realized that's where I wanted to go."

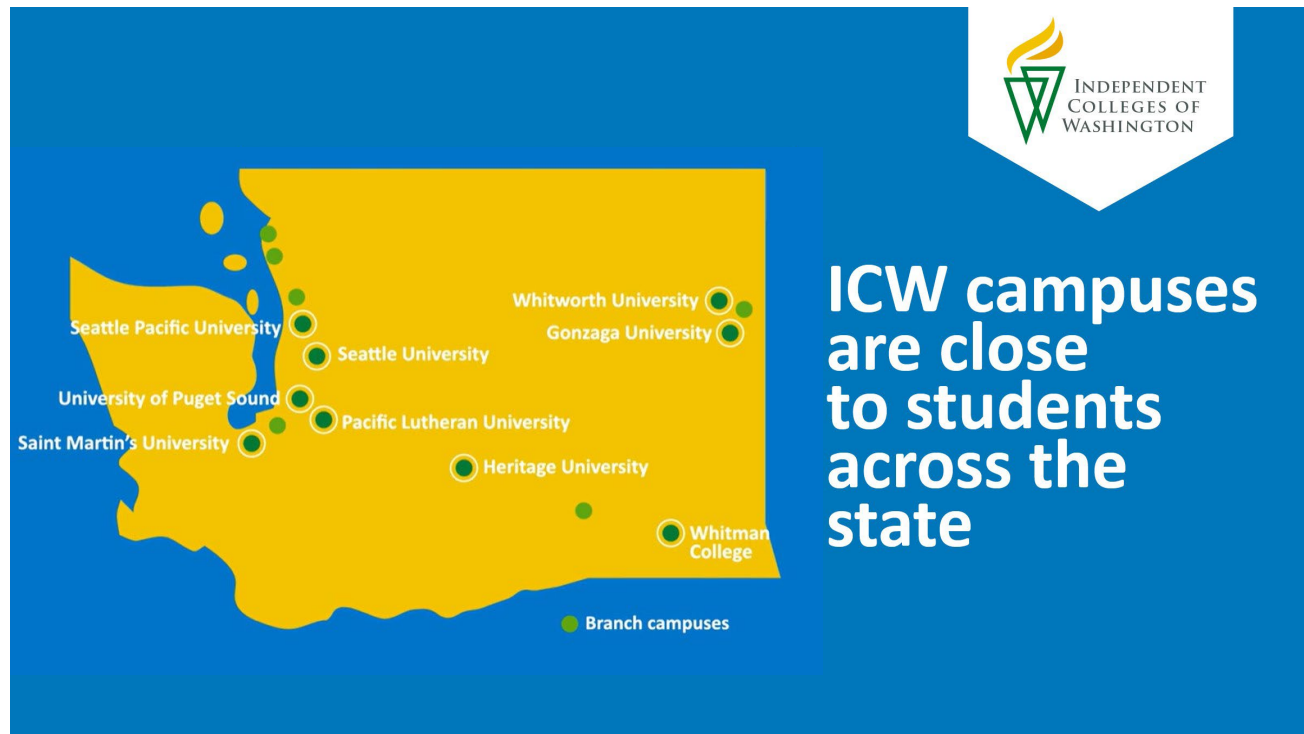

- Colton, Class of 2025, Business Management

Supporting Students Who [Transfer](#)

- All ICW member campuses participate in the state's Direct Transfer Agreement
- Each campus has admissions counselors dedicated to transfer students
- In 2024, ICW awarded more than \$200,000 in scholarships to Washington CTC transfer students enrolled in its member campuses

About Our Campuses

**ICW campuses
are close
to students
across the
state**

- About 80% of Washingtonians live within 50 miles of an ICW member campus
- Independent Colleges of Washington campuses collectively educate more than 30,000 students each year.
- ICW campuses make higher education more accessible through ample choices and diverse learning opportunities giving Washington students greater higher education options close to home.
- Our member campuses offer tailored learning environments to support varied student needs and life circumstances. Whether a student needs [academic](#) or [behavioral health support](#), or [support for nutrition and housing](#), or [wants to get involved in specific communities](#), ICW campuses offer a well-rounded suite of holistic support services to help students be successful on their higher education journeys.
- ICW campuses have some of the highest graduation rates; completion rates at Washington independent colleges are 82% versus the national average of 62%.
- Our member campuses provide a wide variety of opportunities for their students to [volunteer, share skills, and give back to their local communities](#) and beyond.
- ICW campuses award some of the most robust scholarship and financial aid opportunities; see [these curated links for more information on the extensive financial aid available to our students](#).
- We graduate well-rounded students, who have had the chance for diverse exposure to hands-on experiences and other [career-preparation opportunities](#).

Workforce of the Future

Independent Colleges of Washington students can pursue degrees in more than 800 fields of study.

Top fields of study at ICW are among those with the highest projected 10-year growth in WA:

Business and Management: 55,000 jobs

Health Professions: 45,000 jobs

Computer and Information Technology: 35,000 jobs

Engineering: 29,000 jobs

Education: 8,000 jobs

- Our graduates make up about 20% of new bachelor's and graduate degree earners in Washington each year.
- In some fields, we are powerhouse producers, conferring 40% of graduate degrees in education, for example, and 55% of nursing graduate degrees in Washington.

About the Office of Superintendent of Public Instruction

The goal of Washington's K–12 education system is to prepare every student for postsecondary pathways, careers, and civic engagement. OSPI is the primary agency charged with overseeing public K–12 education in Washington state. Working with the state's 295 public school districts and 6 state-tribal education compact schools, OSPI allocates funding and provides tools, resources, and technical assistance so every student in Washington is provided a high-quality public education.

Equity & Diversity Commitment

Each student, family, and community possesses strengths and cultural knowledge that benefits their peers, educators, and schools. Ensuring educational equity:

- Goes beyond equality; it requires education leaders to examine the ways current policies and practices result in disparate outcomes for our students of color, students living in poverty, students receiving special education and English Learner services, students who identify as LGBTQ+, and highly mobile student populations.
- Requires education leaders to develop an understanding of historical contexts; engage students, families, and community representatives as partners in decision-making; and actively dismantle systemic barriers, replacing them with policies and practices that ensure all students have access to the instruction and support they need to succeed in our schools.

Graduation Pathways (HB 1599, 2019) Implementation

All Washington students must complete a graduation pathway to earn a high school diploma. Passed by Washington lawmakers in House Bill 1599 (2019) and codified in RCW 28A.655.250, graduation pathways replaced the previous requirement that directly tied state assessments to graduation.

Graduation pathways were created as a flexible system that enables students to collaborate with teachers, parents, families, and school counselors to demonstrate career and college readiness (CCR) through multiple options that reflect their evolving interests and goals. Instead of a one-size-fits-all model, these pathway options help students build relevant skills and reach milestones that best prepare them for high school success and their postsecondary goals.

There are no blanket graduation pathways; the pathway a student selects should align with their High School and Beyond Plan (HSBP), which is informed by their goals, strengths, and interests. Graduation pathways are designed to support goal setting and planning by aligning with each student's HSBP, reflect individual interests and postsecondary plans, and prepare students for a range of outcomes including college, careers, apprenticeships, military service, or technical training.

Graduation Pathway Options for the Class of 2025

Graduation pathway options fall under three main categories:

Pathway	Example
ASVAB - AFQT Section Score = 31* <i>Check State Board of Education website by 9/1 annually for an updated minimum score</i>	Student takes the ASVAB as a step toward their goal to enlist in the U.S. Coast Guard
CTE Sequence Complete 2.0 or more CTE credits in the same CTE program area that include either a dual credit course or lead to an industry-recognized credential, or complete a Core + Program.	A student earns 2.0+ credit in Family Health, Nutrition & Wellness, Culinary Arts, and Baking & Pastry to prepare for to pursue a career in Health Sciences.
Math & ELA Combination <i>Combination of the ELA and math options: Including ACT/SAT, AP/CI/IB exams or courses, Running Start/CiHS/CTE Dual Credit courses, SBA, or Transition courses (e.g. Bridge to College) Performance-based (PbP)</i>	Student scores 2590 on the ELA SBA and earns a B in both terms of an AP Statistics Course gain admission to a 4-year college

Graduation Pathways and the Statewide Universal HSBP Platform

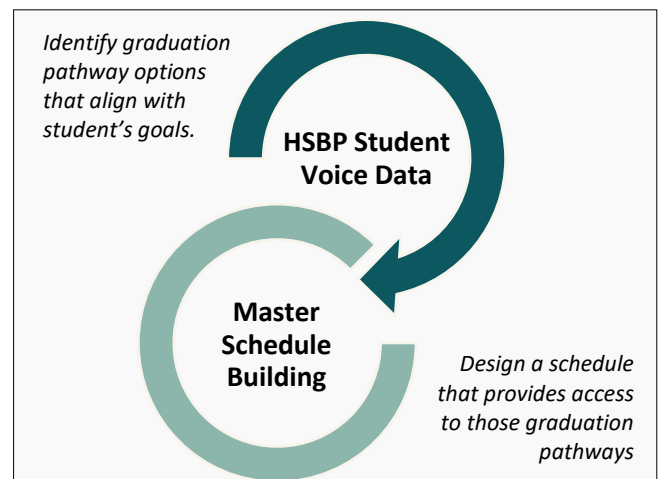

In 2023, Senate Bill (SB) 5243 passed, revising HSBP requirements and introducing a required transition to a *universal* online HSBP platform, as now codified in RCW 28A.230.212 and 28A.230.215. This singular platform is intended to be user-friendly for students, parents, educators, and other supporters. It will enhance students' academic and career development opportunities, reduce inequities in access to information, and provide greater customization of postsecondary planning and preparation based on individual student needs and interests.

HSBP plays a foundational role in supporting equitable access to academic and graduation pathway planning, career and college exploration, and pathway preparation options. It is designed to help students answer three key guiding questions: **Who am I? What can I become? How do I become that?** Through the HSBP, students explore their interests, skills, values, and goals, aligning them with potential careers and course options that satisfy graduation requirements and prepare them for postsecondary success. Beginning in 7th grade, students take a career interest and skill inventory to help guide course selection for 8th grade and beyond, with support from school counselors, advisors, or teachers. Students continue to revise and update their personalized plans annually through 12th grade, focusing on next steps that align with their future goals such as apprenticeships, college, entering the workforce, military service, and/or technical training. This marks a shift away from viewing the HSBP as a compliance task toward making it an integral part of school culture that encourages intentional postsecondary planning. Variability in current HSBP implementation across the state has led to inequities for students and families, gaps the universal platform is designed to help close.

Graduation pathways provide greater flexibility, and HSBP data offers the insight needed to systemically adapt course offerings and pathway options to align with students' stated interests and goals within their HSBPs. These new opportunities require schools and districts to reimagine traditional advising structures, which may no longer meet the needs of a more student-centered planning model necessitated by the changes in HB 1599.

It is vital that school systems begin to leverage early HSBP data in long-term planning to ensure student access to the opportunities to pursue courses that will help to best position them to take the next steps to reach their postsecondary goals. This is not a responsibility that lives solely with one department or staff member. It is a community effort where everyone in a school is on hand to build a culture that encourages continuous student postsecondary exploration with a system poised to provide the structure to support their success. This includes building systems that support utilizing student voice in Career and College Readiness development and ensuring that students are supported in completing graduation requirements.

SchoolLinks, as the universal platform for HSBP, plays a critical role in this work by providing a centralized system where students can articulate their goals, explore pathways, and track progress toward graduation and postsecondary plans. Its integration across districts ensures consistent data collection, equitable access, and a shared system among staff, students, and families. School staff are also encouraged to take advantage of optional features in SL, such as the College Application Manager (CAM) and Event Scheduler, which are useful tools to streamline this work and strengthen support structures. By fully leveraging the capabilities of SchoolLinks, schools can move toward a more cohesive, student-centered system that is responsive to evolving graduation pathway options and individual student aspirations.

The new universal HSBP platform will provide consistent and actionable data to help district and building leaders design relevant courses and pathways that support students' postsecondary plans. Before the passage of HB 1599, schools often built master schedules based on available staffing and then placed students into predetermined structures. With the shift toward incorporating student voice through the HSBP, advising models must evolve to better align with students' goals and aspirations.

This shift requires intentional K–12 alignment of Career & College Readiness programming and supports. Elementary, middle, and high school must share a common understanding of how Career & College Readiness work builds from one grade level to the next, fostering student development by expanding on interests, introducing new concepts, and developing students' individual skills and strengths. This alignment will help students identify and select the most beneficial graduation pathway for their individual journeys and provide a jumpstart to achieve their goals after graduation.

National Student Clearinghouse Data

OSPI is working with [Education Research and Data Center \(ERDC\)](#) to provide information on the postsecondary enrollment and completion outcomes of high school graduates to each school district. Under ERDC's contract with the National Student Clearinghouse (NSC), ERDC is allowed to share aggregate redacted school-level reports with OSPI for distribution to the Local Education Agencies (LEAs) or school districts.

School-level reports generated by NSC will be available at three different points during the year (Fall, Spring and Summer). The longitudinal data in these reports can be used to inform interventions to support students' postsecondary success. Contact your district office for information on how to access these reports.

About the Washington Student Achievement Council

The Washington Student Achievement Council (WSAC) is a ten-member council supported by a cabinet-level state agency. The Council's mission is to advance educational opportunities and attainment in Washington. In pursuit of that mission, the Council:

- Leads statewide strategic planning to improve educational coordination and transitions.
- Supports Washingtonians through the administration of financial aid, two college savings plans, and support services.
- Advocates for the economic, social, and civic benefits of postsecondary education.

Our commitment to equity: In support of advancing educational attainment for all Washingtonians, we commit to fostering a culture of equity, diversity, and inclusion among our staff and in all areas of our work.

What's New in 2025-26

Timeframe

Beginning in the 2024-25 academic year, students can now receive College Bound, Passport to Careers, and Washington College Grant (WA Grant) funding for up to six years of enrollment or the equivalent (18 full-time quarters/12 full-time semesters) up to a Bachelor's degree. Beginning in 2025-26, College Bound recipients six year eligibility window begins from the date of receipt of their first CBS award. If a student graduates in June 2025, they have until September 2026 to enroll and their six-year eligibility window begins. If a student graduates in June 2025 and enrolls in September of 2025, the six year eligibility window begins then. Other program requirements—such as attending an eligible college and maintaining satisfactory academic progress—remain unchanged.

College Bound –High School Equivalency Certificate eligibility

Beginning in the 2025-26 academic year, students with a high school equivalency certificate can be eligible to receive College Bound. All students must still meet other College Bound Pledge and program requirements to receive funds.

WA Grant Campaign

The Washington College Grant (WA Grant) campaign has been continued to increase awareness of the WA Grant program. This is a multi-faceted campaign to encourage students, apprentices, and

families to apply for financial aid. WA Grant gives more money to more people for more kinds of education and training beyond high school.

Washington Award for Vocational Excellence

The Washington Award for Vocational Excellence (WAVE) was established by the Legislature in 1984 to help emphasize the importance of career and technical education, and the value of real-world, hands-on learning. The award recognizes high-performing career and technical education (CTE) students at the high school and college levels.

Award values are based on the total number of scholarships awarded, as funding is limited, but can cover up to two years of tuition, according to the tuition charged by the institution students will attend. Due to budget for the 2027 Biennium, WAVE will only be awarding high school and community college students of the 2025-2026 academic year and will be suspended for the 2026-2027 academic year. WAVE is administered by the Workforce Board in collaboration with WSAC, which handles the disbursement of funds. Application information is available at the Workforce Board's WAVE landing page: wtb.wa.gov/wave/.

Access and Support Programs

Plan Your Future

wsac.wa.gov/actionplan

WSAC developed a student-centered one-stop-shop website to assist juniors and seniors with their postsecondary planning, admissions, financial aid application support, and other critical resources.

Washington Application for State Financial Aid (WASFA)

wsac.wa.gov/wasfa

The Washington Application for State Financial Aid (WASFA) is accessible at wsac.wa.gov/wasfa. This application is available to students who are not eligible to complete the Free Application for Federal Student Aid (FAFSA) due to their immigration status, defaulted federal loans, or other issues with federal aid. Students who complete the WASFA will be considered for state financial aid programs only. The WASFA is available in English and Spanish.

GEAR UP

gearup.wa.gov

Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) is a competitive federal program that provides six- and seven-year grants to education and community partnerships, as well as states,

to increase the number of low-income students prepared to enter and succeed in postsecondary education.

The Washington Student Achievement Council (WSAC) administers the state grant, while Washington State University and the University of Washington manage nine partnership grants. WSAC's state program supports approximately 6,800 students each year, from 7th grade through their first year of postsecondary education, with eligible students receiving scholarships of up to \$800. These organizations collectively serve nearly 38,000 students across the state.

12th Year Campaign

wsac.wa.gov/12th-year-campaign

wsac.wa.gov/fafsa-completion

The 12th Year Campaign provides free financial aid trainings, materials, and other resources to those working with students on admissions and financial aid applications. The 12th Year Campaign can also support districts and schools with their Financial Aid Advising Day planning.

OtterBot

wsac.wa.gov/otterbot

OtterBot is a free, texting service designed to help Washington high school students and their parents/guardians through the financial aid and postsecondary education application process. Students and their parents/guardians may also ask OtterBot for help 24/7. They will receive personalized responses based on the bot's AI capabilities, providing answers to questions with virtually no lag time. If OtterBot cannot answer a question, it is sent to a WSAC staff member.

Student Loan Education Course

studentloaned.wa.gov

The Student Loan Education Course provides a series of learning modules with information on applying for aid, comparing award letters, knowing how much aid a student needs, and repayment topics with four tracks:

- Preparing for school.
- Understanding my loans.
- Loan repayment.
- Supporting my child's education.

College Savings Plans-WA529

529.wa.gov

Washington’s offers two 529 education savings plans, the GET Prepaid Tuition Plan and WA529 Invest Plan. Both plans help families save for future college and career training expenses.

GET and WA529 Invest accounts grow tax-deferred and remain tax-free when used for qualified education expenses—tuition, fees, room & board, books, supplies, and more. Students can use GET and WA529 Invest funds at public or private four-year colleges or universities in the U.S. and even some schools abroad, as well as trade schools and registered apprenticeship programs.

GET

GET is a 529 prepaid tuition plan that offers Washington residents a “peace of mind” way to save for higher education. The State guarantees that savings in a GET account will keep pace with changes in-state public tuition rates. Specifically, 100 GET units purchased today will always equal one year of tuition and state-mandated fees at Washington’s highest priced public university, no matter how much it changes in the future. GET tuition units can be used for qualified educational expenses at colleges, universities, trade schools nationwide and some schools abroad. The GET open enrollment period runs November through May each year.

WA529 Invest

WA529 Invest is Washington State’s direct-sold 529 college and education savings plan, offering families a flexible, tax-advantaged way to save for future education expenses. Earnings grow tax-deferred, and withdrawals are tax-free when used for qualified expenses like tuition, housing, and books. The plan offers a variety of investment options to fit different savings goals and risk preferences. Managed by TIAA-CREF Tuition Financing, Inc., WA529 Invest features low fees, no annual maintenance charge, and user-friendly tools to make saving simple and accessible for anyone, regardless of Washington residency WA529 Invest enrollment is open year-round.

Scholarship Search theWashBoard

thewashboard.org

TheWashBoard.org is committed to increasing access to scholarships and financial aid for Washington students. Launched in 2010, theWashBoard.org, a free, scholarship matching website for Washington students, is a simple and central scholarship search and application resource. Last year, nearly \$18.3 million in scholarships were offered with a minimum of 3,741 available awards.

Need-based financial aid programs

College Bound

collegebound.wa.gov

College Bound is an early commitment of state financial aid to cover tuition at public rates, some fees, and a small book allowance at about 60 eligible Washington postsecondary institutions.

This commitment is mostly covered by the Washington College Grant. The application is a two-step process. After being enrolled in 7th, 8th, or in some cases, 9th grade, high school students must fulfill program requirements and meet residency and income requirements. Students must enroll in college within one year of high school graduation to receive College Bound funds.

Passport to Careers Program

wsac.wa.gov/passport-to-careers

wsac.wa.gov/passport/guide

This program offers two pathways for foster youth and unaccompanied homeless youth seeking a postsecondary degree or career training. The Passport to College program helps students successfully attend a postsecondary institution by providing a college scholarship and comprehensive support. The Passport to Apprenticeship Opportunities program helps students with career-related training under state-approved apprenticeship or pre-apprenticeship programs. Support services and financial aid are provided through ANEW.

Washington College Grant

wsac.wa.gov/wcg

wsac.wa.gov/wcg-apprentices

The Washington College Grant (WA Grant) provides need-based financial aid to Washington students pursuing postsecondary education and access to funding for registered and approved apprenticeship programs. Students who meet eligibility requirements, can use the financial aid at Washington's eligible institutions., including public two- and four-year colleges and universities, and many accredited private/independent colleges, universities, and career schools in the state. In addition, participants may receive WA Grant funding for approved

apprenticeship programs available through approved apprenticeship program providers.

In 2022-23, the eligibility thresholds increased, and funds are guaranteed to all eligible students and apprenticeship participants, making the WA Grant one of the most generous financial aid programs in the country. Find income and program requirements at wsac.wa.gov/wcg. Find a complete list of eligible institutions at <https://wsac.wa.gov/sfa-institutions>.

State Work Study

wsac.wa.gov/state-work-study

State Work Study is financial aid for low- and middle-income students. Qualifying students get an approved on- or off- campus job to support their education. Work study builds students' skills, increases their earnings, and reduces reliance on student loans. The state contributes to the wages of work study employees, so participating employers benefit from educated and motivated workers at a lower cost. Many employers hire work study students on a permanent basis after graduation.

Merit-based financial aid programs

American Indian Endowed Scholarship

wsac.wa.gov/american-indian-endowed-scholarship

The American Indian Endowed Scholarship program provides educational scholarships on a competitive basis to high-achieving resident students who have close social and cultural ties to an American Indian tribe or community within the state. Recipients must demonstrate financial need, academic merit, and a commitment to serve the American Indian communities in Washington.

Workforce programs

Educator Workforce Programs

wsac.wa.gov/teachers

The Washington State Educator Workforce Program provides financial aid to attract and retain teachers to work in subjects or locations of high need known as shortage areas. The program includes options for current teachers, student teachers, paraprofessionals, and non-educators hoping to move into the teaching field. The conditional scholarships require the participant to fulfill teaching service in a Washington K-12 public common school in exchange for the scholarship funds. The grant is awarded to applicants with the most financial need who are student teaching in a Washington K-12 Title I public common school.

National Guard Postsecondary Education Grant

wsac.wa.gov/national-guard

The National Guard Postsecondary Education Grant, commonly known as the National Guard Grant, helps eligible, actively participating members of the Washington National Guard and eligible dependents with the costs of

higher education through a conditional scholarship. Participants and sponsors commit to serving one year in the Washington National Guard in exchange for each year of grant funding. Combined with state and federal aid, grants can be used for costs of attendance, such as tuition, fees, room, and board, at approved colleges in Washington, as well as a portion of books and materials.

Dual Credit

WA Grant Maximum Usage Standard & Dual Credit

wsac.wa.gov/college-credit-high-school

The Washington College Grant (WA Grant) has a maximum usage standard of 18 quarters/12 semesters or equivalent. The timeframe only applies to the quarters in which a student received the WA Grant. Because dual credit students cannot receive state financial aid to pay for college credits earned through dual credit, no course work taken in dual credit programs will apply to the WA Grant maximum usage timeframe. Additionally, students who earn an associate degree through dual credit programs can use WA Grant toward another associate degree, if they are enrolled in an aid-eligible program.

Dual credit participation may still affect a student's access to financial aid, like federal and institutional aid. Students who get close to the maximum timeframe will need to work closely with the financial aid representative at their college/university to maintain eligibility for federal and institutional aid. This issue is most likely to occur for students who graduate high school with a high number of college credits. Colleges and universities also typically include credits earned in dual-credit programs to evaluate satisfactory academic progress (SAP) when determining financial aid eligibility.

Once a student completes their BA/BS, they are no longer eligible to receive the WA Grant, even if they had not utilized the fulltime limits. College credits earned through dual credit programs may be applied to BA/BS degrees.

College Admissions and Transfers

wsac.wa.gov/transfers

Washington's public community and technical colleges offer transfer associate degrees that make it easier for students to transfer to bachelor's programs in Washington. These degrees transfer to all public and most private four-year colleges and universities.

There are three different transfer associate degrees:

- Direct Transfer Agreement (DTA) Associate Degree: Meets most lower division general education requirements at four-year colleges and universities.
- Associate of Science – Transfer (AS-T) Degree: For students who want to earn a bachelor’s degree in engineering or science.
- Major Related Programs (MRPs): DTA and AS-T plans that prepare students for bachelor’s degrees in specific majors such as business, nursing, and computer science.

Once admitted to a participating bachelor’s degree program, students who complete transfer degrees can generally expect 90 transferrable quarter credits and junior class standing.

College Admissions

wsac.wa.gov/college-admissions

Washington colleges have different admission policies, and some are more selective than others. Public community and technical colleges have an open-admission policy. WSAC works with partners in K-12 and higher education to set [minimum admission standards](#) for the state’s public baccalaureate schools.

High schools can choose to participate in a Guaranteed Admissions Program (GAP) - Council of Presidents, a partnership with 6 public baccalaureate schools.

[\(councilofpresidents.org/_admissions/guaranteed-admissions-program-gap/\)](https://councilofpresidents.org/_admissions/guaranteed-admissions-program-gap/)

Counselor Resources Graduation requirements

sbe.wa.gov/our-work/graduation-requirements

Information about waivers: sbe.wa.gov/our-work/graduation-requirement-emergency-waiver-program – The Board adopted rules that modify the Graduation Requirements Emergency Waiver for students graduating in the 2023-24 school year. The adopted rules allow school districts to waive the graduation pathway requirement with certain limitations, in addition to permitting a waiver of up to one credit requirement. Emergency waivers may be granted to students graduating in 2020-21 through 2023-24.

sbe.wa.gov/our-work/waivers: view “Applications for Waiver of Implementation of the 24 Credit Framework for Up to Two Years” and “Waivers Granted from the Credit-Based Graduation Requirements”.

Students seeking admission to a public four-year public college in Washington must meet the credits required in the minimum college admission standards or may be admitted through the alternate admissions standards- wsac.wa.gov/college-admissions. In addition, students interested in college athletics and athletic scholarships must meet NCAA academic eligibility requirements, available at ncaa.org/sports/2014/10/24/play-division-i-sports.aspx

Community and Technical Colleges of Washington

Equity & Diversity

“Leading with racial equity, our colleges maximize student potential and transform lives within a culture of belonging that advances racial, social, and economic justice in service to our diverse communities.”

Washington State Board for Community and Technical
Colleges Vision Statement, adopted June 2019.

Top Degrees Awarded 2023-24

- Associate in Arts (DTA)
- Workforce degrees
- Applied Baccalaureate degrees
- Associate in Business (DTA/MRP)
- Associate in Applied Science-Transfer (AAS-T)
- Nursing and Pre-Nursing degrees

Top Transfer Destinations

Each year, about 31,000 students transfer from a community or technical college to a public or private baccalaureate institution.

To help make transferring simple for students, community and technical colleges hold direct transfer agreements with:

- Bastyr University
- Central Washington University
- City University of Seattle
- Cornish College of the Arts at Seattle University
- Eastern Washington University
- The Evergreen State College
- Gonzaga University
- Heritage University
- Northwest Indian College
- Northwest University
- Pacific Lutheran University
- Saint Martin’s University
- Seattle Pacific University
- Seattle University
- University of Puget Sound
- University of Washington (all campuses)
- Walla Walla University
- Washington State University (all campuses)
- Western Governors University
- Western Washington University
- Whitworth University

Resources for Counselors

Find college and degree options, career and wage data, ideas for paying for college, search by program and location, multiple languages, links to two-year and four-year colleges, Fall Counselor Workshop PowerPoint, and publications.

Check Out a College brochures

Get brochures from your nearest community or technical college, or order larger quantities at a reasonable price. **FREE:** Ask your local college for Check Out a College brochures.

See the Washington community and technical outreach staff roster at CheckOutACollege.org/GetMore for college brochure contacts.

LOW COST: Order online from the Washington State Department of Printing website:

- Go to myprint.wa.gov
- In the “Search” field at lower left, type “Check Out a College”
- Order based on instructions

Dual Credit Options

Running Start

Running Start allows 11th and 12th grade students to take college courses at Washington's 34 community and technical colleges. Students earn high school and college credits for these courses. Running Start students and their families do not pay tuition for up to a combined college and high school annual FTE of 1.4. Students pay mandatory fees, books, and transportation. Some colleges have grants and waivers to help students with these expenses. Check with the college for details.

Students interested in Running Start may get more information from their high school counseling office or from the Running Start coordinator at their local college. Many colleges offer orientation sessions to help students and families learn more about the program. The entire catalog of courses is available to Running Start students. This includes electives, vocational, online, and advanced course work.

More at www.sbctc.edu

College in the High School

College in the High School programs provide college-level academic courses to 9th, 10th, 11th and 12th grade students. Courses are taught at the high school by high school teachers with college curriculum, college textbooks, and oversight by college faculty and staff.

- Beginning fall 2023, all course fees were removed. All students can participate in these courses at no cost.
- Located at the high school.

CTE Dual Credit

CTE Dual Credit allows high school students to earn college credit in their high school career and technical education (CTE) classes without leaving their high school campus.

- Tuition free.
- Located at the high school.

- Credits apply only to [professional-technical certificates or degrees](#).

Professional-Technical Program Matrix

The SBCTC Workforce Education professional-technical program matrix in this handbook is subject to change. Programs are listed by general categories and may not reflect actual program names.

- See Career and Job Training Programs matrix.

Eligible Training Provider (ETP) list

Visit the Career Bridge website at www.careerbridge.wa.gov for the ETP list.

Bachelor's Degrees

Washington's community and technical colleges offer bachelor's degrees and applied bachelor's degrees to meet their service area workforce demand.

- Many colleges offer Bachelor of Science in Nursing degrees (RN to BSN) and Bachelor of Science in Computer Science degrees.
- An applied baccalaureate (applied bachelor's) degree builds on the education and training from a two-year technical associate degree, allowing graduates to move up the educational and professional ladder without starting over.

Degree Options

- All community and technical colleges offer a variety of applied bachelor's degrees.

For a complete list, visit www.SBCTC.edu.

Applied Baccalaureate Tuition

- Tuition rates are roughly double the cost of regular community and technical college credits. See community and technical college tuition chart.

University and College Transfer

More and more students get started on a bachelor's degree with an associate transfer degree. Students get a high-quality undergraduate experience and save money by starting at a community or technical college and transferring to a Washington four-year college, branch campus, university center, or applied baccalaureate program.

Associate transfer degrees

Several options are available, so students should work closely with an advisor to choose the right degree and classes for their educational and career goals. Students should contact the four-year college or university of

their choice to fully understand and meet degree requirements before transferring.

See Transfer Degree Inventory chart.

University Centers and Transfer Partnerships

Students can earn an associate transfer degree at a community or technical college and then stay on campus to complete a bachelor's degree from one of our many four-year college or university partners. Options are subject to change.

See University Centers and Transfer Partnerships chart.

High School Diploma Options

Community and technical colleges offer three ways to earn a high school diploma.

1. Earn an associate degree through Running Start, request high school diploma from college
2. Earn an associate degree, request high school diploma from college (may require financial aid)
3. Earn a high school diploma from the college through one of the following high school completion programs (may require financial aid)

I-BEST

Washington's nationally renowned Integrated Basic Education and Skills Training program (I-BEST) uses a team-teaching approach to combine adult education classes with regular, credit-bearing academic or job training classes so students get through school and into jobs faster.

Project I-DEA

With I-DEA, English language learners who face the largest language gaps are learning English quickly and in practical ways.

Like I-BEST, this project uses an integrated, team-teaching approach so students learn English in tandem with job skills and life skills. Classes are "flipped": Students learn basic words and ideas online and cement their knowledge in class with the aid of instructors and peers. Computers and 24-hour internet access allow students to learn topics that matter most to them, anytime, anywhere.

Competency-based education

Many adult education courses are competency-based; students move through adult education into pre-college (remedial) or college-level courses based on knowledge

gained rather than time spent in a classroom. Students move as quickly through courses as their competencies take them.

High School Equivalency (HSE)

Many people who did not finish high school have the same knowledge and skills as those who did graduate. By taking and passing a series of HSE tests, adults can demonstrate they have acquired the same level of knowledge. Washington state uses the four-part GED® tests for its HSE test.

Most colleges and employers accept an HSE credential as being equivalent to a high school diploma. SBCTC oversees the HSE testing program for the State of Washington. Those who meet the eligibility requirements may take the HSE tests at official test centers located throughout the state. You can find a local test center through the GED® Testing Service.

High School+

High School+ is a competency-based high school diploma offered at Washington's community and technical colleges for adults who are at least 18 years old. Advisors look at transcripts and knowledge gained from life experience, and work with students to craft an educational plan to fill gaps. To receive a diploma, students must demonstrate competency in reading, writing, and math in the context of science, history, government, occupational studies, and digital literacy.

Sports and Recreation

Community colleges provide a variety of enrichment activities and programs, including intercollegiate athletics. Sports include basketball, baseball, cross country, golf, softball, soccer, tennis, track and field, volleyball and wrestling. Recognizing the time commitment of student-athletes, colleges may fund tuition Grants-in-Aid through scholarships of up to 100% of 15 credit resident operating fees. Visit the Northwest Athletic Conference website at www.nwacsports.org for details.

Multicultural/Diversity and Student Leadership

The multicultural/diversity and student leadership offices on our college campuses work to create an environment that welcomes everyone, encourages civic engagement and student involvement, and provides opportunities for student success. They offer events,

programs, and spaces that promote understanding, celebrate diversity, and honor different points of view. Their commitment to diversity, social justice, and multiculturalism has earned prestigious awards across the state.

Disability Student Services

Campus disability support service offices ensure equal access to educational programs and services by providing consultation on accommodations (e.g. placement testing, classroom, assistive technology) for students with disabilities who are otherwise qualified for college.

The rights of students with disabilities are different in college from what they were in high school. It is important for high school students and their parents to plan appropriately for their students' transitions to post-secondary institutions. Compared to services at public schools, the services provided by post-secondary institutions may seem minimal.

To be eligible for disability-related services, students must have a disability as defined by the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. Under the ADA and Section 504, a person has a disability if he or she has a physical or mental impairment that substantially limits one or more of the major life activities (walking, standing, seeing, speaking, hearing, sitting, breathing, and taking care of oneself).

Financial Aid

Community and technical colleges award federal, state, college-based grants, and work-study based on the Free Application for Federal Student Aid (FAFSA) and Washington Application for State Financial Aid (WASFA).

Financial aid deadlines vary. Check with the college of your choice for priority dates. We encourage students to apply early.

Colleges widely recommend students planning to attend fall quarter adhere to the timeline set for College Bound students (February 1).

Those planning to attend winter or spring quarter should also apply for aid by spring of the previous year.

See Admissions and Financial Aid chart.

Scholarships

A variety of scholarships may be available from each college based on financial need, program of study or major, academic merit, leadership or community service. Many colleges offer scholarships through their foundations or list scholarships at their websites.

Most deadlines for fall scholarships for graduating high school seniors offered by community and technical college foundations will be in February, March and April of that year.

Tuition Waivers

Certain populations are eligible for full or partial reduction of tuition. Tuition waivers vary by campus, so check with college registration offices.

Some examples: Military veterans, senior citizens, active-duty military/Washington National Guard, children of deceased or disabled law enforcement officers and firefighters, families of fallen soldiers and families of disabled veterans, basic education.

Highline College highline.edu	General admission deadlines are two weeks after the start of the quarter. However, the earlier a student applies, the better their chances for priority in class selection.	Some special programs have specific admission procedures and limited space; therefore, admission to the college does not guarantee availability of all programs and courses. Special programs include seven applied bachelor's degrees, high school completion (including Running Start) and Registered Nursing. Check the specific program admission page for details and deadlines.	No application fee for the general application. However, Nursing, BAS and ISP programs have an application fee.	At Highline, placement occurs using a variety of methods, including testing, self-assessment, high school transcripts and scores, other college transcripts, GED® scores and more. We encourage students to work with our Placement & Testing Center staff.	\$0	For general admissions, there are no requirements. A limited number of programs require additional credentials. Check the specific program admission page for details.	Highline has eliminated the Financial Aid deadline for 2024-25 and replaced it with a first-come, first-served system. Applications take an average of 90 days to review. Students are responsible for submitting applications more than 90 days before the start of quarter, which increases their chances of securing funding by the start of the quarter.	Housing is available through a public-private partnership. For details, visit highline.edu/campusview

BatesTech.edu

Accreditation

Northwest Commission on Colleges and Universities

Introduction

Since 1940, Bates Tech has been committed to providing career-focused education with an emphasis on hands-on learning. The college boasts three dynamic campuses, each with its unique offerings. Looking ahead, we will break ground on a new Fire Service Training Center in spring 2025. Our programs are designed to be practical and intensive, providing in-demand education that is both affordable and a direct pathway to employment.

Diversity, Equity, & Inclusion

Bates Tech is dedicated to fostering an inclusive environment that embraces everyone. We believe in creating a college climate and workforce that welcomes individuals from all backgrounds. Our overarching goal is to cultivate an environment that is free from all forms of discrimination, ensuring that every person feels valued and respected. More info: BatesTech.edu/FactsandFigures

Bellevue College
3000 Landerholm Circle SE
Bellevue, WA 98007
bellevuecollege.edu

Bellevue College is a leader in innovation and student success, offering nationally respected programs in STEM, nursing, health sciences, and business. Consistently ranked among the top colleges in the country for return on investment, Bellevue College empowers students to build brighter futures. Located on a scenic, tree-lined campus just minutes from downtown Bellevue and Seattle, Bellevue College blends the natural beauty of the Pacific Northwest with access to one of the country's most dynamic economic and tech hubs.

Student Profile

Total Enrollment: 20,659
Faculty/Student Ratio: 1:21

Diversity, Equity, & Inclusion

As an essential part of its mission and goals, Bellevue College is committed to eliminating systemic disparities between social identities. The college strives to understand the root causes of inequity and disrupt behaviors that sustain systems of power. By enriching student life through leadership opportunities, personal learning, collaborative practices, and cultural experiences, Bellevue College is dedicated to cultivating a pluralistic and diverse campus community that promotes creativity, innovation, and student success.

Program Intent

College/University Transfer: 64.1%
Professional-technical: 21.3
Bachelor: 14.6%

Admission Requirements and Criteria

General Eligibility

The college admits:

- Eligible applicants - at least 18 years of age, high school graduate, hold a GED, or other equivalent high school credential

- High school students who apply under the provisions of a Washington state student program, such as Running Start, Career Education Options, or Summer Enrichment
- Underage students on a case-by-case basis, and as determined by the Dean of Student Central
- Applicants to specific programs with selective admission criteria. (Note: Due to enrollment limitations, these programs may not admit all qualified applicants.)

New students must take the following steps before registering for classes:

- Complete the online admission application by the deadline for the desired quarter
- Obtain English and math placement using one of the options listed on the Testing & Placement Services website*
- Attend a new student orientation session
- Follow directions provided in the "Welcome Letter" email

Prospective students are encouraged to contact the Welcome Center for more information.

Deadlines & Fees

Regular Application Deadline: Sept. 1
Application Fee: Free

Selective Admissions Programs

The degree programs listed below require students to follow a selective admission process in addition to completing the general college admission application.

- All bachelor's degrees
- Diagnostic Ultrasound Technology AA
- Neurodiagnostic Technology AA
- Nuclear Medicine Technology AA
- Nursing AAST
- Radiation Therapy AA
- Radiologic Technology AA

Students do not need to be admitted to these programs to transfer credits. The college will review transcripts even if students have not registered for classes.

Programs

15 Bachelor's Degrees: Areas of study include accounting, computer science, cybersecurity, data management, digital marketing, health and wellness, healthcare informatics and management, interior design, molecular biosciences, nursing, and radiation and imaging sciences.

9 Transfer Associate Degrees: Areas of study include arts and sciences, business, math, and music. The college sends more graduates to four-year colleges and universities than any other college in the state.

23 Professional-Technical Programs: Areas of study include accounting, business management, computer science, digital marketing, information technology, interior studies, and science.

70 Certifications: Areas of study include accounting, business, computer science, design, digital media, game design, health, marketing, outdoor recreation, and web sciences.

Basic Education for Adults: Adult Basic Education, High School Equivalency (GED and HS+), English as a Second Language, IBEST, and more.

Continuing Education: High-quality, real-world corporate training, career education, and non-credit comprehensive certificate programs.

Workforce Development: Bellevue College provides services and financial support to assist dislocated workers, veterans, single parents, and low-income students.

Bellevue College supports communities that deliver mentoring, advocacy, preparation courses, and more. These programs include Neurodiversity Navigators, Multicultural Services, Umoja, Puente, and TRiO.

Bellingham Technical College

3028 Lindbergh Avenue
Bellingham, WA 98225-1599
www.btc.edu

Student Profile

Total Enrollment: 3,979
Faculty/Student Ratio: 1:16

Diversity, Equity, & Inclusion

BTC seeks to create an educational experience that prepares all students to live as critical thinkers and engaged members of a global world. Our graduates will be prepared to enter their careers as leaders who honor the importance of diverse communities. BTC is dedicated to the ongoing training and education of our students and employees around topics of justice, equity, diversity, and inclusion.

BTC is engaged in reducing institutional barriers and harm that students of historically underrepresented groups are experiencing daily. BTC is committed to supporting our Black, Indigenous and People of Color community (BIPOC) members and working to define, identify, and dismantle inequitable structures of power, privilege and oppression that have and continue to hinder the education of historically underrepresented peoples.

About the College

Bellingham Technical College, located in Whatcom County, offers high-quality education in a supportive, student-first environment. We prepare students for high-wage, high-demand careers. With more than 50

associate degrees and 35 certificates, students can choose programs in fields ranging from Accounting to Machining, Nursing to Process Technology, and Culinary Arts to Fisheries & Aquaculture Sciences.

BTC offers a fully online Bachelor of Applied Science degree in Operations Management. This two-year degree can be added on top of an existing associate or bachelor's degree and will prepare students for higher paying positions in a variety of industries and businesses.

Admission Requirements and Criteria

BTC welcomes applications from students who are at least 18 years of age or a high school graduate, or those who have applied for admission through special programs such as Running Start and Impact.

Dual Credit Options

Dual Enrollment options allow high school students to take classes that will apply toward both high school and college credit. Students can earn dual credit on their High School campus via CTE Dual Credit or Advanced Placement (AP) programs. They can also earn dual credit on BTC's campus through our Running Start program.

Running Start

Running Start allows qualified high school juniors and seniors, including public, private and home school students, to receive college credit while completing high school requirements. Students are enrolled simultaneously in high school and college classes (or just college classes) and are awarded dual credits by their high school and college. Find out more online at www.btc.edu/RunningStart

Impact Youth Re-Engagement

Impact is a free, flexible program that helps students who have dropped out or are significantly behind in credits create a path to academic and career success. Students get free tuition at BTC and academic support

as they work toward their GED and continue on for an associate degree or certificate. www.btc.edu/Impact

CTE Dual Credit

Career and Technical Education (CTE) Dual Credit provides career pathways for high school students. High school and college instructors work together to choose CTE courses that meet entry-level requirements for comparable college courses, so that students may be able to receive BTC credit while still in high school. Learn more about all of BTC's dual credit options at <http://www.btc.edu/DualCredit>.

Estimated Annual Expenses

The Estimated Costs of Attendance for the 2025-2026 school year listed below are for full-time enrollment (12+ credits) for Fall, Winter, and Spring quarters. Amounts are estimates that may be used for planning purposes.

Student Life

The Associated Students of Bellingham Technical College (ASBTC) leads student government and hosts campus events and activities throughout the year. Students participate in clubs such as Phi Theta Kappa, Culinary Club, and student chapters of professional organizations such as the Student Nursing Organization and the American Welding Society. BTC has an attractive campus and fosters a welcoming campus environment.

Big Bend Community College

7662 Chanute Street NE
Moses Lake, WA, 98837

Website: www.bigbend.edu

Student Profile

Total Enrollment: 4,076

Faculty/Student Ratio: 16:1

Diversity, Equity, & Inclusion

Big Bend Community College believes that every person's background, which includes identifiers such as ethnicity, race, gender, religion, sexual orientation, and ability, helps enrich our campus community when an environment is conducive to the expression of that identity. We commit to providing a campus climate where equity, inclusion, and diversity thrives and leads to individuals pursuing their educational, personal, and professional goals.

Program Intent

College/University Transfer: 37%

Professional-technical: 40%

Adult Basic Education: 23%

Admission Requirements and Criteria

General Eligibility

BBCC accepts all applicants who are 18 years of age or older. Those under 18 years of age who have graduated from an accredited high school, have an equivalent certificate, e.g., the General Education Development (GED) Test, or qualify as a Running Start student will be admitted. Applicants younger than 18 and who do not meet these requirements must provide BBCC with a written release from their school principal authorizing BBCC to admit them. All applicants must be 16 years of age or older unless they have graduated from high school or are part of a state-approved program such as Running Start. Some programs have specific admission

procedures and limited space; therefore, admission to BBCC does not guarantee admission into all programs. Students enrolling in a degree program must apply for college admission. BBCC will assign an advisor, evaluate transfer coursework and maintain a student file for officially admitted students. Registration priority is given to students who have been officially admitted to BBCC.

Diversity, Equity, & Inclusion

The concern with inclusion at Cascadia is embedded in the College's very mission: "We deliver accessible, equitable, and superior educational experiences." This commitment shapes our identity and guides our actions in the classroom and throughout campus experiences. Cascadia's Office of Inclusion, Advocacy, and Community takes this mission to heart. The Office is dedicated to creating environments where our students feel safe, take healthy risks, and grow together. We train our faculty and staff in the fundamentals of inclusion, provide unique programs for underrepresented students, and offer a variety of events that celebrate the richness of our community. We are stronger together, and together we deliver Cascadia's mission.

New Degrees & Programs

Cascadia is enrolling students in its **NEW IN 2025:**
Bachelor of Science in Computer Science program and
its Associate in **Water Resource Management** program.

What Makes Cascadia Unique?

The youngest of the state's community colleges, the legislature located Cascadia College and UW Bothell on the same campus and charged it with focusing on university transfer.

Of the 34 colleges in the state, Cascadia has the highest*:

- % students who register with the intent to transfer
- % students who transfer to a 4-year institution in WA
- % students who transfer to the UW-Bothell
- Our Business graduates earn \$11,000 more per year than those from the other colleges (6 years after entering college).
- Our Information Technology graduates earn \$18,000 more per year than those from the other colleges (6 years after entering college).

*Comparison data from ctcLink, SBCTC data dashboards, SBCTC enrollment and allocation reports.

Professional-technical: 31%

Admission Requirements and Criteria

General Eligibility

Applying to Centralia College is easy. There's no application fee and applications are accepted throughout the year for most programs.

For general admission, students must be 18 years of age or older, and have a high school diploma or GED. There are special admission requirements for students younger than 18.

For detailed information, visit www.centralia.edu.

Centralia College also offers classes for adults seeking a GED or Adult High School Diploma, or those needing to learn the English language.
For more information, visit www.centralia.edu.

Deadlines & Fees

Regular Application Deadline: Applications are accepted throughout the year for most programs.
Application Fee: \$0
Application Fee Waiver: N/A
Other Fees: Student Activity Fee = \$50 per quarter;
Student Use Fee = \$4 per credit (up to 10 credits);
Student Project Fee = 5% per credit (up to 18 credits)

Selective Admissions Programs

The Nursing and Bachelor of Applied Science programs have unique admissions procedures, deadlines, and application fees. For detailed information, visit the Centralia College website at www.centralia.edu.

Dual Credit Options

Running Start

Centralia College has a robust Running Start program for eligible high school juniors and seniors to earn college and high school credits at the same time. Dedicated Running Start counselors and advisors ensure students are supported and set up for success. For more information, visit the college website at www.centralia.edu.

College in the High School

Juniors and seniors in high school may be eligible to enroll in college-level classes in their high schools. Classes are taught by high school teachers and reflect the same academic standards as classes offered on the college campus. For more information, visit the college website at www.centralia.edu.

Interested students should contact their school district for information about class availability, schedules, and the application process. For more information, visit the college website at www.centralia.edu.

CTE Dual Credit

CTE Dual Credit allows high school students to earn college credit for completing Career and Technical Education (CTE) courses taught by certified instructors. In partnership with Centralia College, high schools offer college-equivalent courses for dual high school and college credit. These credits are transferable to any community or technical college in Washington.

Diversity, Equity, & Inclusion

www.cptc.edu/edi

CPTC is fundamentally committed to eliminating inequities in college access, completion, and employment for students historically underrepresented in higher education. To achieve this end, it is important for students to see themselves reflected in the diversity of employees across all levels of our institution. It is also essential that employees and students experience an environment where individuals are able to express their culture and live authentically in this educational space. CPTC prioritizes equity, diversity, and inclusion (EDI) as the center of our work. We seek to uplift the voices of our diverse students and employees; provide training for students, faculty, staff, and administrators; and implement across all departments practices that support our EDI goals.

Diversity, Equity, & Inclusion

The Green River College Promise:

We commit to be an anti-racist institution where all students, faculty, and staff receive the access, resources, and services needed to achieve their educational, career, and personal goals. Green River College makes social and economic justice, equity, and inclusion our highest priorities.

The Green River College definition of equity encompasses all identities, including but not limited to race, ethnicity, economic status, gender identity, sexual identity, disability, religion/spirituality, immigration status, age, and culture. We understand individual needs vary widely, and the effects of discrimination and historical oppression must be taken into account while aiming for equitable opportunities and outcomes for all. Let this be a call to action to all members of the Green River College Community: everyone must contribute to this on-going effort to achieve equity for all.

Check out our student diversity facts here:

Total Enrollment: 14,000+
Faculty/Student Ratio: 14-to-1

Diversity, Equity, & Inclusion

Diversity, equity and inclusion are the foundational principles of Highline College. Our vision is to create anti-racist, equitable pathways in higher education to close opportunity gaps experienced by our students who have been historically disadvantaged and underrepresented in postsecondary education. We aim to support employees to foster the conditions for student and workplace equity, and accept people as they are while honoring the life experience they bring. Through cultivating a collaborative learning community that centers the well-being of the whole person, we seek to provide a sense of belonging. We highly regard the families and support systems that enable our success and acknowledge that by working together we are limitless.

Dual Credit Options

Running Start

NorthSeattle.edu/Running-Start

The Running Start program allows high school juniors or seniors to attend community college tuition-free within the state of Washington while completing their high school curriculum. College courses completed as part of Running Start provide credit both for the student's high school graduation requirements as well as their future college course requirements, giving them a head start on their college education.

College in the High School

NorthSeattle.edu/College-High-School

North Seattle College's program offers an alternative to Running Start in which capable high school students may take college level courses while remaining at their high school. Credits will appear on a North Seattle College transcript as well as on students' high school transcript.

Estimated Annual Expenses

Tuition and Fees	\$4,935.15 (resident, lower division, assumes 15 credits per quarter) \$7,877.55 (resident, upper division, assumes 15 credits per quarter)
Books/Supplies	\$870.00
Total	\$5,805.15 (resident, lower division, 15 credits) \$8,747.55 (resident, upper division, 15 credits)

Designed for Student Success

At North Seattle College, we're proud to be a caring, diverse and supportive community. Our goal is to create a place where students of all races, ethnicities, abilities, genders, countries and communities can succeed.

NSC is a top transfer college, and our programs evolve to meet industry needs. In addition to associate degrees, we offer six bachelor's degree programs, and 60-plus professional-technical degrees and certificates that lead to competitive careers for our graduates.

NSC is easily accessible, and the campus is connected to the Northgate Link light rail station by the John Lewis pedestrian bridge. The college is close to popular Greenlake park, and our lush green campus is surrounded by wetlands, which inspire a commitment to environmental sustainability.

PENINSULA
COLLEGE

Peninsula College

Peninsula College
1502 E. Lauridsen Blvd.
Port Angeles, WA 98362
pencol.edu

Student Profile

Total Enrollment: 1,773
Faculty/Student Ratio: 1:12

Diversity, Equity, & Inclusion

We are committed to fostering a college environment where equity, inclusion, and belonging are prioritized and thoughtfully integrated into our work. At Peninsula College, all students, faculty, and staff deserve access to the resources, opportunities, and support they need to achieve their educational, personal, and professional goals.

We recognize that each person's path is shaped by their unique experiences and identities—including but not limited to race, ethnicity, gender identity, sexual orientation, economic status, disability, age, immigration status, and cultural background. We acknowledge the lasting impacts of systemic oppression and are committed to dismantling barriers that prevent full participation and success.

This ongoing commitment. We call on every member of the Peninsula College community to contribute to building an environment where everyone is respected, supported, and empowered to thrive.

Scholarships

The Peninsula College Foundation is thrilled to offer nearly \$200,000 in scholarship funds for the 2025-26 academic year.

<https://pencol.edu/foundation>

Student Life

Whether you're into art, culture, sports, the outdoors—or something totally niche—there's a place for you at Peninsula College. Our campus is home to a wide range of student clubs, from leadership and cultural groups to academic and interest-based clubs, offering great ways to connect, collaborate, and build community.

<https://pencol.edu/student-life>

Peninsula College offers a vibrant array of student clubs and organizations designed to enrich campus life and foster community. Whether you're passionate about academics, culture, leadership, or creative pursuits, there's a club for you—or you can start one!

<https://pencol.edu/student-government-asc/clubs-organizations>

Located on the Olympic Peninsula, Peninsula College is surrounded by wild coastlines, snowcapped mountains, and a temperate rainforest—offering 3,600 square miles of natural wonder to explore. Craving city life? Port Angeles is just a 90-minute ferry ride from Victoria, B.C., and two and a half hours from Seattle.

<https://pencol.edu/north-olympics>

Port Angeles also serves as the gateway to [Olympic National Park](#), where you'll find lush rainforests, rugged beaches, alpine meadows, and mountain peaks. Just a short drive from campus, [Hurricane Ridge](#) offers breathtaking trails in summer and becomes a snowy playground in winter.

Diversity, Equity, & Inclusion

The Pierce College District is committed to being an anti-racist institution; to truly be anti-racist we must work deliberately to eliminate barriers that have prevented the most promising and capable students from entering and thriving in college. We work to ensure that every student in the Pierce College District feels valued, respected, and inspired to achieve their goals. We provide a brave space for Black, Indigenous, Persons of Color (BIPOC), LGBTQ/QTPOC, students with disabilities, and all students and staff to seek refuge, and an opportunity for them to cultivate their strengths, intelligence, resilience, and creativity.

Program Intent

College/University Transfer: 56%
Professional-technical: 40%

Admission Requirements and Criteria

Pierce College has an open-door admissions policy,

practices equal opportunity. Pierce College District does not discriminate on the basis of race, color, creed, religion, national origin, sex, sexual orientation, age, gender, marital status, disability, or status as a disabled or Vietnam-era veteran.

Students may apply for admission to Pierce College if they meet any one of these criteria:

- Qualified for admission through Running Start or a similar program
- Are 18 years of age or older
- Their high school class has graduated
- They are a high school graduate or have earned a GED

Applying for admissions to Pierce College is as simple as completing an online admission form. For additional admissions information refer to <https://www.pierce.ctc.edu/get-started>.

Selective Admissions Programs

Some programs, such as the Bachelor of Applied Science degrees, Veterinary Technology, and Nursing, have special admission requirements. See each program web page for details.

Dual Credit Options

Running Start

Through the Running Start program, high school students are able to enroll in college courses which can be used to meet high school requirements while earning credit toward a college credential. While only the cost of tuition is typically covered by Running Start, fee waivers are available for eligible students to cover course fees for each term.

For more information, please visit the Running Start website at www.pierce.ctc.edu/running-start.

Sports and Recreation

Raider Athletics participates in the highly competitive Northwest Athletic Conference (NWAC), which is composed of 36 regional members in Washington, Oregon, Idaho and British Columbia. The Raiders field teams for women in basketball, cross country, track & field, soccer, softball, and volleyball; and for men in baseball, basketball, and soccer. Pierce College Fort Steilacoom serves as home for the baseball, men's and women's basketball, women's cross country, and volleyball teams. Pierce College Puyallup is home to the men's and women's soccer and women's softball programs. Pierce College also provides opportunities for students to show their school spirit on the Raider Cheer Squad and Raider Mascot Team. Raider Athletics has a rich tradition of success, dating back to the program's inaugural season in 1968-69, when the college first participated in men's basketball. Raiders teams have won conference championships in softball (1982), soccer (1992), and baseball (2012). More info can be found at www.PierceRaiders.com.

Excellence in Student Success

Pierce College was named a Leader College of Distinction in 2025 by Achieving the Dream. Pierce College Fort Steilacoom was recognized by the prestigious Aspen Institute with a Rising Star award in 2019 for dramatically improving student outcomes. This

award placed Pierce College in the top five best community colleges in the nation, and in 2021 the college was recognized as a top 10 finalist. Pierce was named one of 25 Semifinalists competing for the 2023 Aspen Prize. Pierce received the honors thanks to improved student retention and completion over time, a commitment to equitable outcomes for students, service to military students and their families, and a dedicated focus on helping all students overcome obstacles.

Student Life

Pierce offers a variety of clubs and activities. In addition, Pierce has chapters of Phi Theta Kappa, the national honors society for two-year colleges. The Fort Steilacoom campus features the 58-seat Science Dome, the only digital planetarium of its kind in the South Puget Sound region. The Science Dome offers live astronomy presentations, full dome videos on a 38-foot domed screen, interactive children's shows, K-12 field trip, Pierce College class instruction, special events and more.

Seattle Central has a full-service fitness center featuring basketball courts, free weights, cardio machines, pool tables and more. Several student clubs cater to those interested in sports.

Shoreline Community College

Shoreline Community College
16101 Greenwood Avenue North
Shoreline, WA 98133-5696
www.shoreline.edu

Student Profile

Total Enrollment: 9460 annually/5534 quarterly
Faculty/Student Ratio: 1:22

Equity Statement

Shoreline Community College is committed to establishing a truly inclusive community, and we recognize the profound significance of striving toward equity in education. Equity work compels us to lead from an anti-racist framework, fostering a more supportive and fairer environment. This approach in centering anti-racism benefits all members of the community regardless of their background, as doing so seeks to remove barriers for everyone.

Shoreline Community College recognizes that historical and current structural barriers, deeply rooted in racism and inequality, have long hindered the success of students from underserved backgrounds. We are also dedicated to continuously acknowledging the diversity of our community and the intersections of our physical and mental abilities and our identities which include but are not limited to racial, economic, sexual, and linguistic backgrounds. Our dedication extends to breaking down any barriers that may adversely affect our community members because of any marginalized intersectionality.

We acknowledge that our journey toward equity is ongoing. We embrace the challenge of supporting each other toward becoming an equity-intentional institution by leveraging measurable outcomes from the Equity Centered Strategic Plan to create a culture that fosters retention and reduces opportunity gaps in student success. This approach intentionally aligns our vision with that of the State Board of Community and Technical Colleges.

Our approach towards equity is dynamic, evolving with the needs of our diverse campus, including students, faculty, and staff. We understand that to truly embrace anti-racist principles, our actions must be bold and

transformative. We commit to not just speaking about diversity, equity, inclusion, and accessibility, but to living these values through decisive and impactful actions. Our dedication goes beyond mere acknowledgment of inequities in our current structure; we are committed to being a catalyst for radical change and holding ourselves accountable.

About SVC

With a commitment to equity in providing access, supporting achievement, and strengthening community, Skagit Valley College has earned distinction as a community leader by offering access to exceptional education, providing workforce programs that support local business, and encouraging cultural enrichment activities throughout Skagit, Island, and San Juan counties.

Diversity, Equity, and Inclusion

The Office for Equity and Inclusion (OEI) leads efforts to build a more inclusive and equitable college environment at SVC. OEI supports SVC's Hispanic Serving Institution status, professional development, and student success, using data, best practices, and engagement to drive innovation and continuous improvement. Diversity, Equity, & Inclusion

SPSCC is a learning community dedicated to social justice. The A. Barbara Clarkson Diversity, Equity & Inclusion Center is committed to supporting the college's mission to advance equity and embrace diversity. Equity programs such as IGNITE provide mentorship, community, and support services to students whose identities have historically had systemic barriers in higher education.

Sports and Recreation

SPSCC Clipper Athletics compete in the Northwest Athletic Conference Western Region for:

- Men's & Women's Basketball
- Men's & Women's Golf
- Men's & Women's Soccer
- Women's Volleyball

The Clipper Athletics programs at SPSCC provide opportunities for student-athletes to participate in highly skilled, competitive intercollegiate sports. These programs greatly contribute to the academic success of our student-athletes while giving them an opportunity to play sports during their first two years of college.

spsccathletics.com

Students also have the opportunity to get involved in a variety of clubs, intramural sports, and eSports. Clipper

eSports allows student-athletes an opportunity to get involved in the world of competitive gaming and helps develop professional pathways through education, coaching, and practice.

spscc.edu/campus-life/activities

A Top 2 Community College in the Nation

In 2025, SPSCC was named a Finalist with Distinction by the Aspen Prize for Community College Excellence, recognizing us as a Top 2 community college in the nation. The Aspen Prize honors institutions with outstanding outcomes in teaching, learning, and student success. Nationally ranked and locally loved, SPSCC was recognized for its exceptional faculty teaching practices, strong alignment with local workforce needs, and its commitment to helping students successfully transfer to four-year universities. The college also received a \$100,000 award, which will support emergency grants for students.

Earn a Bachelor of Science in Computer Science Degree

SPSCC offers a Bachelor of Science degree in Computer Science (BS in CS). The program is designed for students who have completed an approved associate-level degree from SPSCC or another accredited institution. It is offered in an evening and weekend format, which can be completed in two years (six quarters), and students have the option to start in Fall or Winter Quarter.

Launch Your Healthcare Career in Medical Assisting

SPSCC's Medical Assisting program prepares students for dynamic roles in outpatient healthcare settings, where they support both clinical and administrative functions. The program offers a certificate that can be completed in under one year and an associate degree in less than two years. Accredited by the Commission on Accreditation of Allied Health Education Programs, the program qualifies graduates to take the national CMA Certification Exam. With a 95% exam pass rate and 100% employer and graduate satisfaction in 2023, SPSCC's program demonstrates strong outcomes.

Diversity, Equity, Inclusion & Belonging

We strive to achieve equity for students and for all members of the communities we serve. We are committed to dismantling or overcoming barriers that separate people from opportunities. Such barriers include, but are not limited to socioeconomic status, race, ethnicity, national origin, age, gender expression/identity, sexual orientation, belief system, physical/mental abilities, and experience with the educational system.

Visit <https://bit.ly/WWCCQuickFacts> for campus enrollment details.

*Excludes Corrections Education

Admission Requirements and Criteria

General Eligibility

Walla Walla Community College is an open-access higher education institution. All qualified individuals are accepted who are at least 18 years of age or are graduates of an accredited high school or have an equivalent certificate. Applicants under the age of 18 at the time of registration who are not high school graduates must complete the Under-Age Admission

Policy paperwork or be participating in a program designed for high school students.

Deadlines & Fees

Regular Application Deadline: Open Enrollment
Priority Application Deadline: Program Dependent
Application Fee: \$0

Visit <https://www.wwcc.edu/apply-now/> for more information.

Selective Admissions Programs

Some programs have specific admission procedures (Nursing, CDL, John Deere, HSS, and BAS degrees), while others have limited space (Welding, EST); therefore, admission to the College does not guarantee availability of all programs or courses. Please review special admission procedures for workforce programs under entrance requirements for the specific program of interest found at

<https://www.wwcc.edu/academics/educational-pathways/>

Dual Credit Options

Dual Credit website:

<https://www.wwcc.edu/academics/dual-credit/>

Running Start

Running Start, a program created by the Washington State legislature, provides an opportunity for juniors and seniors in public high schools to enroll in courses at WWCC. This program provides academically qualified students an opportunity to attend college courses and earn college credits, tuition-free, while completing high school graduation requirements. Additional information: <https://www.wwcc.edu/high-school/running-start/>.

College in the High School

CiHS classes are taught by qualified, credentialed instructors on the local high school campus. Courses usually run one trimester/semester but may last a full academic year. Students attend their college class as part of their normal high school schedule while continuing to enjoy access to their own teachers, counselors, friends, and extracurricular clubs & sports. Additional information: <https://www.wwcc.edu/high-school/cihs/>

CTE Dual Credit

CTE Dual Credit is a cooperative effort between K-12 schools, community and technical colleges, and the business community to develop applied integrated academic and technical programs. Additional information: <https://www.wwcc.edu/high-school/cte-dual-credit/>

Financial Aid

- Phone: 509.527.4301
- Website: <https://www.wwcc.edu/paying-for-college/financial-aid/>
- Scholarship Website: <https://foundation.wwcc.edu/scholarships/>

WWCC offers financial aid in the form of grants, loans, scholarships and employment. All students are encouraged to complete the easy process to apply for scholarships.

WWCC is now a summer header school, which means students who wish to attend Summer quarter using Financial Aid, should submit the next year's FAFSA by the summer priority deadline.

FAFSA Priority Deadlines

- **Summer/Fall** - May 1, 2025
- **Winter** - November 1, 2025
- **Spring** - January 1, 2026

*Summer 2025 begins a new Aid Year and requires the 25-26 FAFSA to be completed

Campus Visits

WWCC provides personalized campus tours customized to your interests. Discover areas of the campus that matter to you, with the possibility of meeting faculty and exploring spaces relevant to your career and educational goals.

- WW Campus Phone: 509.522.2500
- Clarkston Campus Phone: 509.758.3339
- Website: <https://www.wwcc.edu/visit/>
- Self-guided Virtual Tour: https://wwcc.college-tour.com/?pk_campaign=maps-directions

Sports and Recreation

Walla Walla Community College offers a wide variety of athletic opportunities for prospective student athletes. In the Fall, Warrior Field on the front of campus hosts Men's and Women's Soccer, while Volleyball takes center stage in the Dietrich Center – often referred to as 'The Dome'. The Winter quarter sees The Dome taken over by the Men's and Women's Basketball while the Spring months offer Baseball, Softball, Men's and Women's Golf and Rodeo. The Warriors play in the Northwest Athletic Conference (NWAC) – the largest independent association of community colleges in the country.

WWCC students also have access to a new 18,800 square-foot recreation center with an indoor basketball court and state-of-the-art weight and fitness equipment. Learn more: <https://www.wwcc.edu/student-life/student-rec-center/>.

Students can participate in a variety of college events and activities. The areas around both Walla Walla and Clarkston also offer a large number of opportunities for entertainment and outdoor activities. Visit <https://www.wwcc.edu/student-life/around-town/> for more information

Diversity, Equity, & Inclusion

The framework for addressing systemic inequities at Wenatchee Valley College is built on the principles of diversity, equity, inclusion, and belonging. It emphasizes that "Diversity is a Fact, Equity is a Choice, Inclusion is an Action, and Belonging is an Outcome." WVC is dedicated to leading with racial equity to enhance student success, celebrating the diversity of its campus communities, and striving to provide an exceptional experience for all faculty, staff, and students.

WVC upholds diversity, equity, inclusion and belonging as fundamental principles, promoting an environment where all individuals feel respected and valued. The institution recognizes the importance of diverse perspectives and experiences, aiming to create an inclusive community that supports the success and well-being of all students

Sports and Recreation

Yakima Valley College has successfully competed in intercollegiate athletics since 1928. YVC has traditionally offered a comprehensive athletic program to accommodate the special interests and talents of as many students as possible. Women's and men's sports programs, providing competitive athletic experiences to coincide with the student's academic experiences, are an important part of the YVC experience.

YVC is a member of the Northwest Athletic Conference (NWAC). Intercollegiate athletic programs are offered in men's baseball and basketball and in women's basketball, softball, volleyball and soccer. More information is available at:

goyaks.com

All YVC students also have access to a state-of-the-art Fitness Center on campus with more than 50 pieces of major equipment to pursue their health and wellness goals.

Diversity, Equity, & Inclusion: A diversity of peoples, cultures and ideas are critical to CWU's academic excellence, ways of thinking, and artistic expression. Welcoming a broad range of backgrounds and perspectives only enhances the educational experience for our students, while helping CWU build a stronger sense of community for everyone we serve. We must encourage, inspire, and create spaces where all identities can thrive while seeking new ways of looking at the world through inquiry, curiosity, and discovery. Living, learning, and doing in a diverse community guarantees our strength as an institution, and we believe welcoming a variety of ideas and worldviews will only make us more vibrant and better prepared for what the future holds. As our world becomes more culturally expansive, we must arm our students and ourselves with the ability to embrace and engage in all areas of our lives where we learn, work, and play.

Graduation Rate (4 yr): 74%

Diversity, Equity, & Inclusion: As a Catholic, Jesuit, humanistic university, our mission calls us to demonstrate dignity for all, to ensure justice for those who are most often marginalized or silenced. Our work has grown in intensity as our commitment to diversity, equity and inclusion has deepened, but we recognize how much further our efforts must go. Our faculty members are engaging more in conversations about how to support BIPOC students better in our learning environments, Student Affairs teams seek to amplify the voices of BIPOC students, and our Office of Inclusive Excellence has implemented bias and diversity training for all University community members. We have always channeled our efforts in service for the greater good, which is our unifying strength. For more details, please see: gonzaga.edu/diversity

Additional Information

What Makes HU Unique- Heritage

University empowers a multi-cultural and inclusive student body to overcome the social, cultural, economic, and geographic barriers that limit access to higher education. Rooted in the homeland of the Yakama Nation, the University embraces transformational student-centered education that cultivates leadership and a commitment to the promotion of a more just society.

Strength In Smaller Numbers- Small class sizes. Affordable undergrad and graduate programs. Multiple campuses throughout the community. These are just a few examples of why Heritage is the right university for you.

Student Life- We believe in empowering our students with campus life resources and opportunities to support their personal and professional goals. Heritage provides a well-balanced student experience by offering a variety of extracurricular and co-curricular activities that serve as leadership and professional development opportunities, and for a chance to form lifelong connections. Be a part of the campus community and discover all the ways you can be involved at Heritage!

Start Unstoppable You: Heritage University invites you on a journey to academic and professional success! We offer a wide variety of different undergraduate degrees:

- Nursing
- Social Work
- Education
- Criminal Justice
- Business Administration
- Plus, many more!

Diversity- Heritage is the only private university in the state to be designated by the U.S. Department of Education as a Hispanic Serving Institution (HSI). Additionally, with its percentage of Native American students, it is also designated as Native American Serving Non-Tribal Institution (NASNTI). Heritage is one of only two universities in the country to be designated as both a HSI and a NASNTI. The broad diversity found at Heritage is an asset to all students as this exposure to different ethnicities and cultures helps them succeed in a multicultural workforce.

Financial Aid-For the vast majority of Heritage University students, a college education would be unobtainable without financial aid support. Through its equity packaging of grants and scholarships, Heritage is able to provide that support to every student with a demonstrated need.

- 96% of Heritage students receive financial aid.
- \$21,317 is the average combined financial aid and scholarship award for Heritage UG students.
- \$4 million in scholarships and Institutional aid is awarded annually by Heritage.

Because Heritage is a private institution, it relies heavily on the generosity of donors. The university works with donors to create endowed and named scholarships and to build awarding criteria to match their individual funding goals.

Northwest University

Location: Kirkland, WA

Type: Independent, Four-Year, Private, Christian

Majors: 55 **Faculty:** 50

Class size average: 15

Retention: 83.9%

Graduation: 59.1%

Diversity, Equity, & Inclusion: Northwest University attracts serious students who perform well academically, while also attracting a diverse student body that tends to mirror closely the population of Washington. Northwest works purposefully to recruit a diverse student body through cultivating relationships with churches from minority populations.

Scholarships

Northwest University awards scholarships to incoming students based on academics, athletic talent, musical & theatre talent, participating in a campus visit, and need. Need-based financial aid comes in the form of scholarships, grants, or loans and are based on the information from the FAFSA.

Campus Visits

Schedule Online: www.northwestu.edu/visit Email: visit@northwestu.edu Phone: 425.889.5286
\$500 scholarship if visiting before March 1.

Housing

NU offers residence halls, student apartments, and family housing on campus.

Athletics

The Eagles compete in 4 men's and 6 women's sports as a member of the Cascade Collegiate Conference in the NAIA (Division I & II). Learn more at www.nueagles.com.

Unique Opportunities

- All majors require internships with local businesses and organizations that frequently lead to full-time employment.
- Career Readiness initiative to equip students with competencies and certificates for preparation in the workplace.
- All NU majors have the option to attend a cross-cultural learning experience through study abroad and departmental trips.
- NU students have access to many service-learning opportunities and mission trips during the year and throughout breaks.
- Students participate in chapel services twice per week and Biblical studies courses are included in the core curriculum.

Notable Programs

- NU's Music Production offers practical experience in our prestigious on-site recording arts studio, the largest live sound stage north of Los Angeles.
- NU is offering a MS in Physician Assistant Studies in 2024.

Additional Information

PLU is the small, private university where caring means more than kindness and consideration - it means a bold commitment to expanding well-being, opportunity, and justice. Our students aren't afraid to do things differently to leave the world better than they found it.

We are a community of seekers, trailblazers, creators, and reformers who know that we can accomplish more together than apart. The PLU experience allows your ambition to blossom into purpose, your skills to sharpen into tools, and your caring to become a transformative force.

Diversity, Equity & Inclusion

plu.edu/diversity-inclusion/

At PLU, diversity is intrinsic to the vitality of learning, resilience and growth. Thus, we will:

- Be responsive to how intersections and context impact how power is experienced
- Act upon the fact that diversity and inclusion efforts must address and account for all differences born out of power and oppression
- Collectively reimagine models and practices to create inclusive environments where all members of the PLU community can learn, live, work and — most importantly — thrive.

Campus Visits/Tours plu.edu/visit

Seniors will qualify for a *visit scholarship* if they attend an admission sponsored tour or event on-campus.

Dual Credit/College Level Credit Policy

www.plu.edu/admission-first-year/advanced-credit

PLU will award credit for a 3, 4 or 5 on AP exams, we award up to 30 credits for completion of an IB Diploma and we do accept transferrable Running Start credit.

Scholarships/Financial Aid

plu.edu/admission/scholarships

- 100% of students receive financial aid from PLU.
- **FIXED TUITION GUARANTEE** - ensures that the cost of tuition will be locked in from a student's first day until their graduation day.
- **Academic Merit Scholarships** - \$8,000-\$32,000
- **Artistic Achievement Scholarships** in Art, Music, Theatre, Dance - \$500+ per year
- **253 PLU Bound Scholarship** – Full Tuition for admitted WA students who are a recipient of the WA State College Bound scholarship.

Athletics & Recreations golutes.com

PLU has 18 varsity NCAA DIII athletic teams and 3 club sports (men's lacrosse, men's rowing, wrestling, and ultimate Frisbee) along with intramural and rec programs.

Women's Lacrosse has been added as a varsity NCAA sport for Fall 2024.

New @ PLU

Majors:

- Music Therapy - the only program in WA!
- Biochemistry
- Chemical Physics
- Dual Degree Engineering partnership with WSU

Scholarships:

- Presidential Scholarship – No separate application needed anymore! Students just apply to PLU by our Early Action II deadline (12/1).

Notable Majors plu.edu/majors

PLU has over 90 programs of study, including:

- Criminal Justice
- Data Science
- Gender, Sexuality & Race Studies
- Theatre AND Musical Theatre (BFA or BA)
- Business - Direct admission
- Communication (including film and media)
- Education – Direct admission
- Music (BA, BME or BFA)
- 3-2 Engineering/Engineering & Industry Minor
- Computer Science – Direct admission
- Biology
- Nursing – Direct admission
- Environmental Studies
- Kinesiology
- Pre-Professional Health Programs (Pre-Med)
- Pre-Law – Advising and a Minor

Global Education & Study Away

- PLU was the first American University to have study away classes on all 7 continents at the same time.
- 1 of only 22 US colleges to receive the highest level of accreditation (The Forum on Education Abroad)
- We are on a 4-1-4 calendar system. J-Term allows our students one extra chance to study away.
- Our IHON Program allows students to enroll at Oxford University for 4-6 months.

Housing plu.edu/housing

8 residence halls and 1 apartment-style living community. Including some Opt-In Themed Learning Communities:

- Creative Expression
- First in the Family
- Student of Color
- Environmental & Social Justice
- International Hall – Languages & Honors Program
- Lavender Community (GBLTQ+ students and allies)
- STEM House
- Women's Empowerment & Gender Equity

On-Campus housing is generally required for a student's freshman and sophomore years.

Location: Lacey, WA

15 NCAA Division II Sports

Men's Teams: Baseball, Basketball, Cross Country, Track & Field, Golf, Soccer

Women's Teams: Basketball, Cross Country, Track & Field, Golf, Soccer, Softball, Volleyball

Campus Highlights

Saint Martin's sits on over 380 wooded acres and is just minutes from the state capital, Olympia. Our campus features running trails, a 9-hole disc golf course, state-of-the-art facilities including a Platinum LEED Engineering building and a new nursing facility. All within walking distance of stores, banks, restaurants, and free public transportation.

Saints Live with Heart

Founded in 1895, Saint Martin's University is a Catholic, Benedictine institution that has a diverse, student-centered environment that balances faith, reason, service, and community. We endeavor to unite academic excellence with social responsibility, providing the kind of education that transforms lives and promotes fulfillment of the common good.

The Saint's Promise

If you do not secure employment or graduate school within six months of Commencement, Saint Martin's will guarantee a three-month paid internship or tuition-free enrollment to a Saint Martin's graduate program for one semester.

Benedictine Scholars Program

The Benedictine Scholars Program cultivates exceptional first year student leaders who embody the Benedictine values to inspire and transform Saint Martin's University.

Each year ten incoming students are chosen to receive a \$10,000 renewable scholarship (\$40,000 over four years) as well as a free on-campus housing benefit (standard double room) in Spangler Hall.

Direct Admissions Partnership

We partner with school districts to offer direct admission to their seniors. For more information on how to partner with us, email Patty Lemon at plemon@stmartin.edu

Additional Information

Virtual Tour

Can't come to campus in person? Experience Seattle University virtually.

Scholarships and Affordability

All applicants are considered for merit scholarships, which typically range from \$14,000 - \$33,000/year. In 25-26, 100% of first-year students received financial aid, and the average financial aid award was over \$44,000. Over half of SU students come from households earning less than \$120,000 per year.

Seattle University Bound Program

Students enrolled in the Washington State College Bound Scholarship program may be eligible financial aid to cover their full, demonstrated financial need for four years.

Residential Campus in the City

8 residence halls on campus house more than 2,200 students. First and second-year students are required to live on campus, unless living with family off campus.

Outcomes

96% of Seattle University graduates are employed, pursuing graduate school, volunteer or military service 6 months after graduation (NACE First Destination Survey). The Career Engagement Office offers career exploration support and coaching.

Student Life and Clubs

More than 120 student clubs offer students the opportunity to have fun and build leadership skills, including: Red Zone (school spirit), Student Government, KSXU 102.1 FM Radio Station, Esports and Gaming, D1 Improv, and more

Campus Visits

Financial Aid and Deadlines

Additional Information

Vision:

To prepare students of competence and character who will engage the culture and change the world.

Scholarships and Financial Aid

Merit scholarships range from \$19,700 to full tuition annually. General Merit up to \$29,700, Faith for the Future up to \$29,700 tuition. Other scholarships found at:

spu.edu/scholarship

In 2024-25, 100% of all incoming undergraduate students received financial aid. The average total financial aid package was \$41,783.

Falcon Bound Commitment

SPU offers a 4-year full-tuition commitment to any incoming freshman eligible for the College Bound Program and has an unweighted GPA of 3.0 or higher, **or** an SAT 1220/ACT 25.

The Seattle Advantage

- 15-minute bus ride from downtown Seattle
- 89% job placement rate **or** graduate school enrollment within 1 year of graduation
- Mentorship Program: 1,700 professional mentors from organizations including Microsoft, Seattle Seahawks, Fred Hutchinson Cancer Research Center, Starbucks, Nordstrom, Boeing, Washington State Legislature, and more
- 17 Fortune 500 companies located in Greater Seattle
- SPU is driving distance from Mount Rainier, North Cascades, and Olympic National Parks

Rigorous Academics

- For the 9th year in a row, SPU is nationally ranked by *US News & World Report*
- University Scholars: SPU's Honors Program now available as an additional Major or Minor
- 8 Fulbright Scholars in the past 10 years*
- 25+ Study Abroad options
- 80% medical school acceptance rate, more than double the national average
- All classes taught by professors

Student Life and Christian Commitment

- Weekly chapel and student-led worship services
- 55 different Christian denominations represented in student body
- John Perkins Center for Reconciliation, Leadership and Community Development
- 70% of Students in most recent incoming class from Underrepresented Minorities
- 32+ Student clubs

- For Fall 2026 we are a test-optional admission school
- NCAA Women's Golf began this past fall
- New majors in Biomedical Engineering and Data Science

Notable Academic Programs

- Psychology
- Business Administration: AACSB Accredited
- Nursing
- Pre-Medicine
- Engineering: ABET Accredited
- Computer Science
- Elementary and Secondary Education
- Apparel Design and Apparel Merchandising
- Exercise Science
- Politics, Philosophy, and Economics
- Honors
- Mechanical, Electrical, Biomedical Engineering Major

Transfer Credits:

SPU accepts college credits earned through Running Start, College in the High School, AP, and IB. All students receiving the credit from these programs must apply as first-year students.

Housing

- 4 residence halls and 4 campus apartments
- 75.4% of freshmen live in residence halls
- First and second-year students are required to live on campus unless commuting from a parent or guardian's home within a 10-mile radius

Sports & Recreation

- NCAA Division II (Great Northwest Athletic Conference/GNAC)
- 216 All Americans and 32 national champions
- Men's: Basketball, Cross Country, Soccer, Track & Field
- Women's: Basketball, Cross Country, Soccer, Track & Field, Rowing, Volleyball, and Golf
- 15+ Intramural sports offerings

Scholarships

Evergreen offers merit-based awards at time of application. These funds are in addition to state and federal aid and go directly against tuition.

3.5-4.0: \$1,200

3.0-3.49: \$900

Students can also apply for other scholarships at evergreen.edu/scholarships

Common App

Students can apply to The Evergreen State College via the Common Application.

Commonapp.org

Member of Colleges That Change Lives

An organization dedicated to the advancement and support of a student-centered college search process. We support the goal of every student finding a college that develops a lifelong love of learning and provides the foundation for a successful and fulfilling life beyond college.

Ctcl.org

3 things that set Evergreen apart

1. Interdisciplinary Education

Every class a student takes will encompass multiple subjects to help students make connections and the world as it is.

2. 16-Credit Programs

Instead of taking 5 different classes during the quarter students take 1 class (called a program). This class has multiple teachers and is worth 16 credits.

3. Narrative Evaluations

Instead of letter grades students receive narrative evaluations that describe the work they accomplished.

- SAT/ACT score (optional)
- Interview (optional)

Scholarships

All applicants are considered for academic merit scholarships ranging up to \$40,000 per year. Talent Scholarships are available in Music, Theater, Art, and Debate. Puget Sound offers two scholarships that cover the full cost of tuition, room, and board: The Lillis Foundation Scholarship and the Matelich Scholarship. Students who complete an official campus visit before submitting their deposit will be eligible for a \$3,000 per year visit scholarship. More information is available at pugetsound.edu/scholarships

Running Start

Puget Sound accepts the Washington State Direct Transfer Agreement, and awards college credit earned while in dual credit programs such as Running Starts and College in the High School. Applicants should apply as first-year students, not as transfers.

AP/IB Exam credits

Puget Sound generally accepts a score of 4 or higher on AP exams and 5 or higher on IB exams. A maximum of 16 units (2 years) of credit can be awarded.

Visits and Events

We offer a number of in-person and virtual options for connection with Puget Sound, including tours, information sessions, on-on-one appointments, and other events. You can learn more or register at pugetsound.edu/visit

Colleges That Change Lives

Puget Sound is included in the college guidebook *Colleges That Change Lives*. More information is available at ctcl.org

Housing and Student Life

All incoming first-year students are required to live on campus for the first two years. Nearly 75% of students live on campus. Puget Sound has over 100 student-led clubs and organizations, including Puget Sound Outdoors, Repertory Dance Group, and KUPS Radio.

Notable Areas of Study

- African American Studies
- Asian Languages and Cultures (Chinese, East Asian Languages, Japanese)
- Asian Studies
- Bioethics
- Biology

FAFSA priority filing deadline: February 28

School code: 003798

UW Bothell is proud to offer the Husky Promise, a guarantee that full tuition and standard fees will be covered for eligible Washington state residents. FAFSA/WASFA must be filed by February 28 to qualify.

Additional Information

Access and Opportunity

- In Autumn 2024, 31% of incoming first-year students and 43% of new incoming transfers would be first in their immediate families to earn a four-year degree.
- 32% of incoming first-year students and 38% of new incoming transfers are eligible for federal Pell Grants.
- 6% of students at UW Bothell are eligible for veterans benefits.

Return on Investment

- In 2023-24, 72% of undergraduate students and 69% of graduate students graduated debt-free.
- Wages of UW Bothell alumni with bachelor's and master's degrees consistently earn the highest wages in the state among graduates of public, 4-year universities. *Source: Educational Resource & Data Center (November 2024)*
- PayScale ranked UW Bothell **No. 1** on its 2024 list of Best Value Colleges in the state of Washington. *Source: PayScale (2024)*

Community Engagement

- In 2020, UW Bothell was recognized for aligning with Carnegie Foundation standards for community engagement. Each year, students work with hundreds of community partners - businesses, nonprofit organizations, and government agencies – on projects that drive their education and career preparedness, all the while supporting partner goals.

Environmental Sustainability

- 100% of renewable energy is purchased from the Lund Hill Solar project and the Skookumchuck Wind Project.
- The campus houses a 58-acre wetland that is a sustainable, functioning floodplain ecosystem within an urbanizing watershed.
- The campus is home to a host of native plants, pollinators, salmon, beavers, and other wildlife.

Campus Visits and Events

Campus visits and in-person events are currently available. Virtual information sessions and appointments are also available. For more information: www.uwb.edu/admissions/visit

New On-Campus Housing and Dining

UW Bothell has 3 new buildings for 1,000 students which include single, double, or quad-style residence hall and apartment units, and a new dining facility. Learn more: www.uwb.edu/campus-living

Running Start/College in the HS/AP and IB Credit and Evaluation:

UW Bothell accepts college credits earned through Running Start and College in the High School. **All applicants participating in these programs must apply as first-year students** regardless of the number of college credits earned. Students interested in Running Start should review the Transfer Planning Worksheets (www.uwb.edu/admissions/apply/transfer/transfer-planning-worksheets) for their intended major when selecting courses through their Running Start program. Contact Admissions for more information.

Minimum AP and IB scores to qualify for college credit are available here:

www.uwb.edu/admissions/apply/firstyear/advance

Disability Resources for Students

Embedded in the core values of the University of Washington Bothell is a commitment to ensuring access to a quality higher education experience for a diverse student population. Disability Resources for Students (DRS) recognizes disability as an aspect of diversity that is integral to society and to our campus community. DRS serves as a partner in fostering an inclusive and equitable environment for all UW students. More information: 425.352.5307, uwbdrs@uw.edu 425.532.5303 (TDD), 425.352.3581 (fax) www.uwb.edu/studentaffairs/drs

University of Washington Tacoma

Location: Tacoma, WA

Ethnic Diversity: 52%

Core Themes

Walla Walla University is a community of faith and discovery committed to:

- Excellence in Thought
- Generosity in Service
- Beauty in Expression
- Faith in God

Philosophy

Walla Walla University is founded on Christian teachings and values as understood and appreciated by the Seventh-Day Adventist Church. Central to those teachings is the belief that every person is created in the image of God as a being of inestimable value and worth, imbued with powers of intelligence, stewardship, and creativity akin to those of the Creator.

Walla Walla University, therefore, seeks in its mission to foster the unique gifts of every individual within this Christian community of faith and discovery. Committed to excellence in thought, the university seeks to impart a broad knowledge of the arts, sciences, and professions by careful instruction and open inquiry at both the undergraduate and graduate levels. Recognizing that God is the source of all truth, goodness, and beauty, the university seeks to convey

student's wisdom that translates academic achievement into responsible citizenship, generous service, a deep respect for the beauty in God's creation, and the promise of re-creation through Jesus Christ.

Scholarship application deadline: January 31, 2026

Additional Information

First-Year Admission

First-year admission is based on academic credentials including grade trends, completion of College Academic Distribution Requirements (CADRs) and course rigor.

*Washington State University no longer uses SAT/ACT scores as a factor for admission. The Office of Admissions will contact students if more information is needed. WSU welcomes homeschooled students. See admission.wsu.edu.

For information about international student admission, visit ip.wsu.edu.

Common App

Applications submitted through the Common App will be accepted for first-year and international students.

Running Start/College in the HS

Students who participate in Running Start, College-in-the-High School, or other dual credit programs and apply to attend WSU right after high school are considered first-year students for admission purposes, regardless of total college credits earned. Official college transcripts must be submitted for college credit to be transferred.

Transfer Admission and Deadlines

Priority date for fall: August 7

Priority date for spring: November 15.

Apply at futurecoug.wsu.edu/apply.

Transfer students are those who have enrolled in a regionally accredited college or university after the summer following their high school graduation. Transfer students who have completed at least 27 semester (40 quarter) credits of transferable academic college course work will be considered for admission based on their college work. Students who have completed fewer credits at the time of application may be considered first-year students for admission purposes. See admission.wsu.edu/transfer-pullman.

AP, Cambridge (AICE), IB and CLEP

WSU grants credit for AP, Cambridge (AICE), IB and CLEP examinations. See go.wsu.edu/advancedcredit.

Majors

See a full list of academic programs at academics.wsu.edu.

Find your WSU Pullman admission counselor

Each prospective student and high school counselor has a personal admission counselor who can help answer questions and assist through the application, financial aid, and enrollment processes. Visit rep.wsu.edu.

Multicultural Student Services

MSS facilitates the best undergraduate experience through provision of culturally relevant support services which are open to any student. Visit communities.wsu.edu.

Campus Visits

Schedule a campus visit, guided or self-guided tour, or attend an event. Virtual offerings and live and on-demand presentations are also available. Explore options at visit.wsu.edu.

Housing

First-year students under 20 years old are required to live on campus for their first year (with some exceptions) in one of WSU Pullman's 17 on-campus residence halls. Visit housing.wsu.edu.

Access Center

The Access Center serves students with temporary, chronic or permanent physical, health, learning, sensory, or psychological disabilities by providing accommodations, auxiliary aids, and services that remove barriers to their education. Visit accesscenter.wsu.edu.

Pre-Health Studies

WSU offers a comprehensive pre-health program for undergraduates interested in pursuing medical school and other professional degrees. Visit healthprofessions.wsu.edu.

TRIO Student Success Programs

The U.S. Department of Education's TRIO Program is a federal outreach and student services program designed to identify and provide services for individuals from disadvantaged backgrounds. Our TRIO Student Success Programs target to serve and assist low-income individuals, first-generation college students and individuals with disabilities to progress toward degree attainment. TRIO Student Success Programs also houses a STEM and Health Sciences grant that provides a range of services to support students on their academic journey.

Additional Information

First-Year Student Admission

Holistic review of application materials including academic credentials, completion of the CADRs, grade trends, and other information the student may provide other documentation.

Washington State University does not require SAT or ACT scores for applicants. This applies to all campuses in the WSU system. Accordingly, SAT/ACT scores will not be used as a factor in admission decisions.

Running Start/College in the HS

Students who participate in Running Start, College-in-the-High School, or other dual-credit programs, and apply for admission directly out of high school are considered first-year students in the admission process regardless of how many college credits they may have earned. They should also send official college transcripts if available.

Homeschooled Students

WSU Tri-Cities welcomes homeschooled students. See tricities.wsu.edu/admission for requirements.

Transfer Admission and Deadlines

Application opens early August; students should apply early if possible. Priority date July 15 for fall entry. Apply at tricities.wsu.edu/admissions/apply.

Transfer students are those who have enrolled in a regionally accredited college or university after the summer following their high school graduation. Transfer students who have completed a full year of transferable academic college coursework will be considered for admission based on their college work. Students who have not completed a full year of transferable academic college coursework at the time they apply may be asked for additional information for review.

Transfer applicants who have successfully completed a Direct Transfer Agreement (DTA) associate degree from a regionally accredited post-secondary institution in Washington at the time of application will be admitted as space allows. See tricities.wsu.edu/admissions/transfer-requirements.

AP, Cambridge (AICE), IB and CLEP

WSU grants credit for AP, Cambridge (AICE), IB and CLEP examinations. See tricities.wsu.edu/admissions/freshman-requirements.

WSU school code: 003800

WASFA filing priority date: January 31, 2025

Scholarship application: vancouver.wsu.edu/scholarships

Scholarship application deadline: January 31, 2025

Additional Information

First-year Admission

First-year admission is based on academic credentials including grade trends, completion of College Academic Distribution Requirements (CADRs) and course rigor.

***Washington State University no longer uses SAT/ACT scores as a factor for admission.** The Office of Admissions will contact students if more information is needed. See vancouver.wsu.edu/reqs.

Running Start/College in the HS

Students who participate in Running Start, College-in-the-High School, or other dual credit programs and plan to attend WSU right after high school are considered first-year students for admission purposes, regardless of total college credits earned. Official college transcripts must be submitted for college credit to be transferred.

Home-Based Schooling

WSU Vancouver welcomes homeschooled students. See vancouver.wsu.edu/reqs.

Transfer Admission and Deadlines

Priority date for fall: July 15.

Priority date for spring: November 15.

Apply at vancouver.wsu.edu/apply.

Transfer students are those who have enrolled in a regionally accredited college or university after the summer following their high school graduation. Transfer students who have completed at least 26 semester (40 quarter) credits of transferable academic college course work will be considered for admission based on their college work. Students who have completed fewer credits at the time of application may be considered first-year students for admission purposes. See vancouver.wsu.edu/reqs.

AP, Cambridge (AICE), IB and CLEP

WSU grants credit for AP, Cambridge (AICE), IB and CLEP examinations. See vancouver.wsu.edu/college-credit.

International Admission

Visit ip.wsu.edu/future-students/requirements.

Find your WSU Vancouver admissions counselor

Visit vancouver.wsu.edu/counselors.

Majors

See a full list of academic programs at vancouver.wsu.edu/programs.

Pre-Health Studies

WSU Vancouver offers a comprehensive pre-health program for undergraduates interested in pursuing medical school. For more information, email van.prehealth@wsu.edu.

Campus Visits

Attend an admissions event or schedule a tour. Visit vancouver.wsu.edu/visit.

Access Center

The Access Center serves students with temporary, chronic or permanent physical, health, learning, sensory, or psychological disabilities by providing accommodations, auxiliary aids, and services that remove barriers to their education. Visit vancouver.wsu.edu/access.

Housing

WSU Vancouver does not have on-campus housing. Visit vancouver.wsu.edu/housing for information about local housing options.

Center for Intercultural Learning and Affirmation

CILA cultivates an inclusive community where historically underserved students are affirmed and have sense of belonging at WSU Vancouver through intercultural learning, co-curricular programming and service that illuminates students' cultural wealth and intersecting identities. Visit vancouver.wsu.edu/cila.

Western Washington University

Location Bellingham, WA

Type: Public, 4-year

Majors: 175+ **Faculty:** 966

Class size average: 26

Retention: 79% (fall 2023 entering first-year class retention to fall 2024)

Graduation: 65% (based on data from 2018 cohort)

Diversity, Equity, & Inclusion: At Western, building a welcoming, inclusive, and equitable community is fundamental to who we are as a university. We value the perspective of every student, but also recognize that we have a responsibility to provide support to those from communities and with identities that have historically been marginalized. We're committed to eliminating the barriers that BIPOC, LGBTQ+, and people with disabilities have traditionally faced and to create a learning environment where every student can thrive.

Campus Housing

Nearly 90% of first year students live on campus.

Students who meet the housing deadlines are guaranteed housing in their first year at Western.

>>housing.wvu.edu

Sports & Recreation

NCAA Division II athletic programs include:

basketball, cheerleading, cross country, golf, soccer, softball, track & field, and women's rowing and volleyball. Western also offers 20+ club sports and a popular intramurals program.

>>www.wvuvikings.com

National Recognition

Out of more than 600 institutions, Western ranks in the top 10 nationally for graduates who go on to earn research doctorates. (*Survey of Earned Doctorates*)

Western was named one of the top producers of Fulbright U.S. Scholars in the nation. (U.S. *Department of State's Bureau of Educational and Cultural Affairs*)

For 26 years in a row, Western has been one of the highest-ranking public, masters-granting universities in the Pacific Northwest. (U.S. *News & World Report*)

Pre-Med, Pre-Law, and other preprofessional pathways

High expectations, academic commitment, and strong faculty support result in high acceptance rates into medical school, law school, and other selective graduate programs.

Honors College

Western's selective Honors College offers small and interactive classes, a close-knit intellectual learning community, and early access to faculty research teams and other scholarly pursuits.

>>honors.wvu.edu

Fairhaven College

Western's interdisciplinary liberal arts college provides opportunities for students to design their own major.

>>fairhaven.wvu.edu

Global Education

International experiences include study abroad, student teaching, internships, volunteer work, service learning, and faculty-led study tours.

>>studyabroad.wvu.edu

Additional Information

As a small residential liberal arts college in Walla Walla, Washington, Whitman is rooted in values like critical thought and academic rigor. At our foundation is also a belief in the value of community and power of relationships. Our graduates are scholars but also explorers, advocates and scientists. They climb mountains, travel to far-off corners and give voice to others. They care about community and aim to become citizens of the world.

Financial Aid

- Whitman's Early Financial Aid Guarantee makes the financial aid process easier and less confusing. Before even applying to Whitman, high school seniors can find out how much money in scholarships and financial aid they'll be awarded if they are admitted.
- Whitman meets the full demonstrated financial need of students from Washington state.
- 96% of Whitman students receive scholarships and need-based financial aid.

Merit & Talent Scholarships

- All applicants are automatically considered for several merit-based academic scholarships.
- Whitman also offers scholarships for demonstrated excellence in music, theater and dance, art, and debate.

Residence Life

- Whitman students build strong community by living in on-campus housing for their first two years. There are four residence halls for first-year students.
- A new campus village consisting of three apartment-style buildings for juniors and seniors is opening in Fall 2025.

Academics

- Whitman offers more than 60 majors in addition to a wide variety of minors and concentrations.
- Recent curriculum additions include Human-Centered Design, Finance, Neuroscience and Data Science.
- Nearly half of Whitman students study abroad in over 80 programs in nearly 40 different countries.
- Our average class size is under 17 and we have a 9-to-1 student-faculty ratio.
- Students have many opportunities to participate in student-faculty research and present at professional conferences.

Career Preparation

- Every student is matched with a career coach who works with them all four years to provide personalized guidance and resources that support students in considering their professional pathways.
- The Whitman Internship Grant provides funding to students for unpaid internship opportunities at nonprofit organizations, some for-profit organizations, and government offices.

Outdoor Program

- Through for-credit courses and extracurricular programs, Whitman's Outdoor Program provides opportunities for outdoor beginners to avid adventurers.
- The Bob Carson Outdoor Fund allows every student to participate in at least one free Outdoor Program trip every year they are at Whitman.

Athletics

- Whitman College fields 17 varsity athletics programs for men and women. Our NCAA Division III sports compete in the Northwest Conference (NWC).
- There are 7 club sports teams as well as intramural sports that are open to all.

Location: Spokane, WA

Type: Private, Christian, Liberal Arts

Graduation: 71% in six years

Diversity, Equity, & Inclusion: Whitworth's Office of Equity, Diversity & Inclusion works to collaborate with all areas of the university to promote justice, equity, diversity and inclusion for our community. Through education and training we work to 1) raise awareness regarding structures and systems of oppression and marginalization, 2) foster a community that welcomes and supports cultural diversity, and 3) provide opportunities for our community members to build competencies to continually develop and implement equity-minded policies and practices in all areas of our university. We ground our work in our Christian mission and aim to integrate it throughout our university by forming partnerships with faculty, staff, students and our external community, recognizing their role as co-creators of knowledge and institutional change. whitworth.edu/diversity

Additional Information

Academic Programs

We offer 100+ majors and programs. Here are our most popular majors. **whitworth.edu/majors**

- School of Business
- Health Science
- School of Education
- Computer Science
- Psychology
- Biology
- Pre-Med
- Engineering

Academic Distinction

- U.S. News ranked Whitworth No. 4 best value and eighth best among regional universities in the West.
- 10-to-1 student-faculty ratio.
- Niche named Whitworth University No. 1 Best Christian College in Washington for 2025.
- Whitworth was named a 2025 Hidden Gem by College Raptor.
- 4-1-4 academic calendar allows for our faculty to lead dozens of semester-long and Jan-term study abroad/away programs in 60+ countries around the world.
- We are excited to announce the opening of our new PACCAR Engineering Building in spring of 2026! It includes a clean room, a metal fabrication shop and two design laboratories.

Campus Visits

Why Whitworth is our premier one-day visit event to experience campus on most Fridays (and some other days). We also have daily tours and two-day visit events throughout the year. Find a visit event at **whitworth.edu/visit**

Affordability & Value

- University Scholarships awarded at the point of admission.
- **Whitworth Bound Promise:** Students eligible for College Bound may have up to **100 percent of tuition covered** by scholarships/grants. **whitworth.edu/college-bound**
- \$1,000 Visit Scholarship awarded to incoming fall 2026 students who fully participate in a qualifying 2025-26 admissions visit program. **whitworth.edu/visit**
- 4-Year Graduation Guarantee Program **whitworth.edu/finish-in-four**

Championship Athletics

Whitworth's student-athletes perform at a high level both in the classroom AND at their sport. Competing in 21 varsity sports in the NCAA Division III, Whitworth has won the trophy for the best overall athletic program in the Northwest Conference an impressive 15 times. **whitworthpirates.com**

TRANSFER Student Admissions Information

Fall 2024 Data

Transfer Admissions	Applied	Admitted	Enrolled	GPA (Admitted) Middle 50%
Transfer	84	41	19	n/a

Primary Contact

Bastyr University
Kirkland, WA
admissions@bastyr.edu
bastyr.edu 425.602.3332

Admissions and Transfer websites

<https://bastyr.edu/admissions/transfer-students>

<https://bastyr.smartcatalogiq.com/en/2024-2025/academic-catalog/>

Transfer Admission Deadlines and Fees

Application fee: \$75

Minimum Requirements

All students entering undergraduate degree programs at Bastyr University are considered transfer students. To be admitted to an undergraduate degree program at Bastyr University, students must meet the following criteria:

1. Complete 90 quarter (60 semester) credits from a regionally accredited college or university or its equivalent (only courses with a grade of C or higher are transferrable)*
2. Achieve a Cumulative GPA of 2.5 and Prerequisite GPA of 2.0
3. Complete the General Education and Program Prerequisite requirements

Undergraduate transfer students who complete one of the following transfer degrees will satisfy the General Education requirements:

- Associate of Arts (AA)
- Associate of Science (AS)
- Direct Transfer Associate (DTA) [WA state]
- Intersegmental General Education Transfer Curriculum (IGETC) [CA state]
- California State University Breadth [CA state]
- Associate Degree for Transfer [CA state]
Note: Technical degrees, such as Applied Science degrees, will not automatically satisfy the General Education requirements. They will be reviewed on a course-by-course basis.
- Students may transfer a maximum of 135 quarter credits or 90 semester credits toward an undergraduate degree at the University.
- Take the next step in your education journey, connect with an admissions advisor and have your unofficial transcripts evaluated today.

Financial Aid and Scholarships

You may fulfill your general education course requirements to begin your degree program of choice at Bastyr University with fast, affordable and transferable online college courses from StraighterLine. Bastyr's partnership with Straighterline offers new Bastyr students a \$250 per-quarter tuition discount if they transfer with four or more StraighterLine courses. Bastyr will also waive the application fee for students who qualify for this partner scholarship. Visit StraighterLine <https://www.straighterline.com/colleges/bastyr-university/> for more information about this opportunity.

Programs/Majors Offered

<https://bastyr.smartcatalogiq.com/en/2023-2024/academic-catalog/programs-of-study/>

Student Life & Housing

<https://bastyr.edu/student-life>

<https://bastyr.edu/student-life/student-organizations>

<https://bastyr.edu/student-life/campus-housing>

- Bastyr University offers housing to students who are currently enrolled. Important information:
- Priority consideration for housing is determined by the date Bastyr receives your [tuition deposit](#).
- A housing deposit of \$400 must accompany each housing application.
- Recycling and composting are priorities in the Student Village.
- No meal plan is offered.

Transfer Admission Deadlines and Fees

We accept applications for all four quarters of the year on a rolling basis, with no firm application deadlines.

Application fee: \$60

Application fee waiver: ACT/SAT, CWU Running Start Participant, Median Family Income, NACAC, TRiO, Veterans, Active Duty, CWU GEAR UP, ETA+, Yakima Valley College

Minimum Requirements

GPA: 2.0

Minimum number of transfer credits: Applicants are considered transfer students if they have 40 or more quarter credits from another college or university that were earned after high school graduation. Students with fewer than 40 credits may apply as first-year applicants with transfer credit.

We **guarantee** admission to students with 40 or more transferrable credits and a 2.5 or higher GPA, or 90 credits and a 2.0 or higher GPA.

High School CADR: No

Required Documents, Information, etc.

Completed application and official transcripts from every college or university attended. Students may submit unofficial transcripts for the application process but once offered admission, must provide official transcripts in order to receive credit.

Major Requirements

Students do not have to be major ready and may transfer at any time. Most but not all CWU majors allow students to declare the major at any time. Students applying to a CWU Center must have an associate's degree or 90 credits completed.

Financial Aid and Scholarships

Contact: <https://www.cwu.edu/admissions-aid/financial-aid-scholarships/> 509.963.1611
FinancialAid@cwu.edu

FAFSA priority filing deadline: April 1, 2026

School Code: 003771

Transfer merit scholarships: students are automatically granted a \$1000 tuition waiver if they have a 3.25+ GPA and apply by August 1.

Transfer Events & Visit Options

CWU hosts various in-person visit events year-round, including daily tours and group visits. Students who visit and complete their application on campus will have their application fee waived. View upcoming events at cwu.edu/admissions-aid/visit/index.php. Additionally, we host one Preview Day each quarter - www.cwu.edu/admissions-aid/visit/preview-day.php

Transfer Admission Deadlines and Fees

Fall: March 1st (priority financial aid) and June 1st (final)

Spring: November 15th

Application fee: \$60 (application fee waivers available - financial need, alumni or current parent connection, international student fee waiver, and veteran fee waiver)

Minimum Requirements

College GPA: 2.7+ (cumulative and most recent term)

Minimum number of transfer credits: If a student has been out of high school for 4+ years and/or has an unweighted high school GPA of 3.2 or lower, 30+ semester or 45+ quarter transferable college credits are required.

High School CADR: No

Required Application Materials

- Transfer Application
- Transfer College Report (blank copy available: www.gonzaga.edu/transfer)
- Official College Transcripts (from all institutions where credit was earned)
- Letter of Recommendation
- Final High School Transcript (for students with less than 30 semester / 45 quarter credits)

- SAT/ACT Scores (not referenced in admission for students with over 30 semester / 45 quarter credits; optional for students with less than 30 semester / 45 quarter credits)

Major Requirements

All majors available to transfer students, except Nursing. Students must be admitted to the University to be eligible for a chosen program.

Financial Aid and Scholarships

FAFSA/WASFA strongly encouraged. Gonzaga need-based grants may be available, dependent on financial need.

All students are automatically evaluated for merit scholarship, based on GPA and application strength.

Additional scholarship opportunities, including Phi Theta Kappa, included here: gonzaga.edu/scholarships

Transfer Admission Deadlines and Fees

Fall: Rolling Application
Spring: Rolling Application
Application fee: FREE
Application fee waiver: N/A

Minimum Requirements

Students who have completed the appropriate associate of arts transfer degree from Washington community colleges are admitted with junior standing at Heritage.

Transfer credits are generally accepted from regionally accredited (or candidate) colleges and universities.

Required Documents, Information, etc.

An official transcript from each college/university attended. A high school transcript is also required of students who have not completed a Washington State AA-DTA (Associate of Arts-Direct Transfer Agreement).

Major Requirements

Students who have completed the appropriate associate of arts transfer degree from Washington community colleges are admitted with junior standing at Heritage.

Financial Aid and Scholarships

Our Financial Aid office works with you find resources to help fund your education. You'll have access to state and federal financial aid options found at any public university, including grants, work study and student loans. You'll also be eligible for additional private aid only available to Heritage students! With so many financial aid options, your total cost could end up paying less than another 4-year school.

Transfer Events & Visit Options

Future Eagle Days are scheduled throughout the Spring and Summer for students to get the opportunity to learn more about Heritage University, our Bachelor programs and to talk about their financial aid.

Admissions and Transfer

PLU has transfer application priority dates for fall and spring semester starts. If a student completes their application prior to one of these dates, they can expect an admission decision, notification of academic scholarship eligibility, and an official report of transferable credits within four weeks.

www.plu.edu/transfer/apply/

PLU has a generous credit transfer policy. If a course is similar to one taught at PLU, a student will likely be able to transfer credits. Equivalency guides found here:

www.plu.edu/transfer/credits/

PLU accepts transfer degrees from community colleges in Washington (AA-DTA), Oregon (AAOT), and California (AA-T & AS-T). If a student completes one of these degrees, PLU will accept the degree as a block of credits, they will be granted automatic junior standing.

Transfer Admission Deadlines and Fees

Fall: July 1

Winter: NA (semester school)

Spring: December 1

Summer: NA

Application fee: FREE!

Western Washington University

Transfer Student Admissions Information

Western welcomes transfer students from all types of colleges and universities and provides numerous resources to help students plan for a successful transfer experience. All students should review the catalog details available in Western's Majors page (www.wvu.edu/majors) to become familiar with major-specific admission requirements and use our Transfer Course Equivalency Guide to determine how previous coursework will transfer. Admission Counselors and Departmental Advisors are also available to help answer student questions. We encourage all students to tour our Bellingham campus or visit one of our location-based programs throughout the Puget Sound and peninsulas.

Fall 2024 Data

Transfer Admissions	Applied	Admitted	Enrolled	GPA (Admitted) Middle 50%

Transfer Course Equivalency Guide:

admissions.wvu.edu/tceg

Transfer Application Tips:

admissions.wvu.edu/transfer/requirements

Transfer Admission Deadlines and Fees

Fall: March 1

Winter: September 15

Spring: January 1

Summer: March 1

Application fee: \$70

Application fee waiver: Request form is available at the end of the online application

Minimum Requirements

GPA: 2.00 cumulative transferable GPA and a 2.00 in the quarters prior to application review and enrollment

Minimum number of transfer credits: n/a

High School CADR: For students with <40 credits

Required Documents, Information, etc.

In addition to the application for admission and \$70 application fee, a complete application includes:

Official College Transcripts: From every college/university attended, even if students do not expect or desire to transfer credit

Essay: To help the Admissions Committee understand academic goals, related experiences and/or preparatory course work, and for consideration for some scholarships. Required if GPA <3.0, optional for others.

High School Transcript: Students who have completed fewer than 40 transferable quarter (27 semester)

credits are also required to submit an official high school transcript and meet first-year requirements.

Major Requirements

Admission to the University is separate from admission to a specific major. Most Western majors have separate application processes, and many have selective admissions requirements such as prerequisite course work, minimum GPA, audition, or portfolio. Students should familiarize themselves with admission requirements and deadlines as soon as possible.

All students should review the catalog details available in Western's to become familiar with major-specific admission requirements, major declaration procedures and department advising contacts. We encourage students to complete as many of the courses for their intended major as possible prior to transferring.

>>www.wvu.edu/majors

Financial Aid and Scholarships

Fall quarter transfer applicants are automatically considered for merit-based, leadership, activity, and diversity scholarships based on their application for admission. We also encourage students to visit our Scholarship Center to browse awards offered by academic departments, organizations, and private donors.
